Shabbat Shalom Brethren,

ERIKTOLOGY - ALEPH/BEYT

h d g b a

Hei h the 5th letter of the Aleph Tav. It is like the letter E and is silent. Many English speaking people do not pronounce the H. So we here in Canada say "Eh". Okay, so that is my attempt to make a joke.

But just look at these first 5 letters.

Now consider this verse in your bible.

Gen 2:7 And Jehovah God formed man *of the* dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.

Yehovah went to the door of His house and breathed life into man.

w h d g b a

When you understand the layout of the Garden of Eden and how it is a replica Yehovah's throne room as is the Temple and Tabernacle here on earth, then these first six letter are stunning to understand.

h is getting our attention like yelling 'HEY LOOK HERE, something awesome is about to take place'. Yehovah breathing into a lump of clay and it became alive. That is awesome.

You can watch Eric's teaching on this letter h at [disc one](#) and [disc two](#)

The following is from Eric's teaching. This is the word ahava and is the word "Love".

hbha

What it literally means is this; h a to reveal.

b h is to give and hb is feminine or her. Yehovah wanted to reveal the plan or reveal everything and give it to her. Who is she? It is Israel. He wanted to give us, His bride, everything.
