Shalom to the Royal Family of Yehovah,

We are most definitely in the last days of this age.

We have shown this over and over in our teachings on the Sabbatical years. It is with this understanding that we are able to watch the nightly news and see prophecy coming to life right in front of our eyes.

We can't believe it. This can't be happening to us, and yet it is true none the less.

We have been working on a new video at sightedmoon.com for the past couple of months. As we began to work on it more and more news stories began to happen. It was stunning.

I want to share this video with you which we just released on Friday after I sent out the News Letter. It is about 33 minutes long.

After you have watched it, I want to encourage you all to share it with your pastors and assembly leaders, and government leaders.

I would also like you and all your friends to like us and follow us on our face book page at <https://www.facebook.com/sightedmoon/>

Help us to grow this site so we can reach more people with our message. All of our work has been by word of mouth. Use yours to help share the warning.

You can watch the video on our face book page by hitting the button above or clicking on the picture below which will take you to our YouTube channel.

Please also follow us on YouTube so you can receive the other videos we are working on when they are released.

We also have more details about this video in our recent News Letter which you can go to at the button below, titled *Come Out of Her my People-Europa*

We strongly urge you to watch and share this information in order for you and others to understand just how close we are to the horrific end time events that precede the coming of the Messiah.

Yeah, yeah we have all heard that before. Watch the video and then decide whether or not I am crying wolf. Prove those things we are saying wrong if you can, but watch and then share this info.
