News Letter 5849-004

10th day of the 1st month?5849 years after the creation of Adam

The 1st Month in the Fourth year of the third Sabbatical Cycle

The Third Sabbatical Cycle of the 119th Jubilee Cycle

The Sabbatical Cycle of Earthquakes Famines, and Pestilences

March 23, 2013

Shabbat Shalom Family,

We had many respond to the praying on the 7th day of the first of Aviv. May Yehovah bless you and your families for following this instruction. In checking the sages they too saw this but could not answer why it was there. I have some ideas, but no solid answers. But I just followed directions and did it.

One person wrote to tell me about Lazarus being raised from the dead sometime before Passover. The exact day we do not know. And as I thought about the 7th month and the 7th day of that month I realized that Shabbat Shuva could be on that 7th day. A day that represents the Saints coming back home to Jerusalem.

As I prayed on the 7th day. My prayers changed to raising the dead in my family to life in Torah, and coming back to this walk and way of life. Yehshua said let the dead bury the dead. If they are not keeping torah they are dead indeed. So that was one of the themes I prayed for this 7th day many times.

My wife has agreed to keep Passover with me as I mentioned before. My niece and her husband are also going to come. So are my son and granddaughter and my daughter and her husband. And there may yet be others. Yehovah has answered my prayers this year.

So now we have had the Barley in a state of Aviv and the New Year declared.

We sighted the moon and now have the month of Aviv started so we can know when Passover is.

The Memorial Meal Yehshua instituted taking place on the Tuesday March 26, 2013. This is the night to eat the Unleavened Bread and drink the wine and to wash each other's feet. This is a very serious night and not to be taken lightly as Paul warns. Because some do, they are sick and other asleep, or dead. So be mindful of this night and do not neglect it. Read the book of John from Chapter 13 to chapter 19. This covers the events of this night. You can read the rest of John in the morning which covers the events of this the 14th day of Aviv.

The following day is when Yehshua was hung on the tree at 9AM Wednesday and died at 3 PM at the same time the Passover Lambs were to be killed. Yehshua is our Passover lamb. The lamb of God as John the Baptiser said.

Once the lamb is killed then the blood is smeared on the doors and the after the sunsets then the Passover meal is eaten. This year this Passover meal is now Wednesday evening.

Thursday is the first day of Unleavened Bread. On this day Israel left Egypt at daybreak and headed towards the Red Sea, which I believe, they crossed on the Last day of Unleavened Bread 7 days later.

Now this year we have the day when the Lamb is killed on the 14th taking place on a Wednesday. This year is the exact same time of the week when Yehshua was killed at 3 PM. also on a Wednesday.

Many in the world say the Good Friday is the Day He was killed. Those who do this do not know how to count to three. Please do not argue with me about how to count to three. Find some 4 years old and ask them to show you.

With this year matching up to the same timing of the weekly events I would like to once again share with you the only sign we have that Yehshua was the Messiah. If He died on Good Friday then He is not our Messiah.

We have one sign and one sign only.

Mat 12:38 Then certain of the scribes and of the Pharisees answered, saying, Master, we want to see a sign from you. 39 But He answered and said to them, An evil and adulterous generation seeks after a sign. And there shall be no sign given to it except the sign of the prophet Jonah. 40 For as Jonah was three days and three nights in the belly of the huge fish, so the Son of Man shall be three days and three nights in the heart of the earth. 41 The men of Nineveh shall rise in judgment with this generation, and shall condemn it, because they repented at the proclaiming of Jonah, and behold, One greater than Jonah is here. 42 The queen of the south shall rise up in the Judgment with this generation, and shall condemn it, for she came from the uttermost parts of the earth to hear the wisdom of Solomon, and behold, One greater than Solomon is here.

Please go to this article for the lesson on Jonah.

THE SIGN OF JONAH

For those of you with the Charts of the Sabbatical and Jubilee cycles at the back of the book The Prophecies of Abraham; I want you go and look at the Millennial Week in Gregorian Years.

I want you to look at this chart like it was a regular 7 day week. First notice that Solomon began to build the Temple is his 4th year. That is 966 B.C. Notice it was at the end of the 3rd

millennial day. The temple stood for the 4th millennial day and was then destroyed at the end of it in 70 C.E. just before the 4th day ended.

Yehshua was also destroyed at the end of the 4th day of the week just before sunset. Yehshua was in the grave for three days and three nights. And he rose from the grave late Shabbat afternoon. Just before the first day began.

If we count the same way in the millennial week we will see that Yehshua does not come back until the end of the 7th Millennium.

This ties in with so many other scriptures I am finding. Ones that tell me King David is going to rule over Israel for the 7th Millennium. Others that say Yehshua does not come back until The Eighth Day and then He dwells on the earth with man.

I do not have all this sorted out. But I wanted to share that with you while we are talking about the 3 days and 3 nights. Something to ponder while you study.

I also have another thing to show you while we are here.

Yehovah said to Abraham. Gen 15:16 But in the fourth generation they shall come here again, for the iniquity of the Amorites is not yet full.

The word for generation is H1755 ??? ???? dôr dôr dore, dore

From H1752; properly a revolution of time, that is, an age or generation; also a dwelling: – age, X evermore, generation, [n-]ever, posterity.

Yehovah is telling Abraham that in four revolutions of time He will bring Abraham's descendants back to this land.

Looking at the Charts The 49 Year Millennial Week Yehovah made that covenant and this promise in the year 2027 with Abraham. That is near the beginning of the 3rd millennial day. 4 Millennial days later or 4 revolutions of time bring us to the end of 6th millennial day. Now look at the year we are in now. 2013. We are very close to the time when this is about to happen.

With the New Pope taking his office; with the Daniel timeline hype and many believing it and 03:22:13 about to take place; and with Obama going to Israel as we speak, those who have succumbed to conspiracy teachings are now about to fall prey to their own lies and false teachings. Some claim that an ice sculpture of Obama is the image spoken of in Daniel. The abomination of desolation.

Again I am warning your brethren not to get caught up in these false teachings surrounding the Daniel timeline and anything to do with President Obama. He is not the anti-Christ that these people would have you believe.

We shall have more to say about the new pope later on. Now every one of these conspiracy teachers is having a field day with Peter the Roman. Pope Francis.

Again I say this and I do so not in conceit. If you do not know or understand the Sabbatical and Jubilee years then you do not and cannot understand prophecy. If you do not keep the Sabbath or the Holy Days then you cannot know what prophecy is teaching you. All you are able to do is guess at best which is exactly what the conspiracy teachers are doing now with the New world Order and the New Pope and that the Jesuits have now succeeded.

People are all excited about a catholic prophecy that this could be the last pope. Is it, or is it not, the Bible does not tell me so I do not know. Yet whole theologies are being built on this new pope being the last one. And they base this theology on pagan prophecies. Not me. I have the sure word of Yehovah and I know the Sabbatical years as He has shown me. I will stick on this.

Do not get wrapped up in this new pope stuff and the Daniel timeline. It is now March 23, and there does not seem to be any tribulation. I have not heard from the two witnesses. Hamm.

Go and read your bible and get yourself ready for the war that is coming in the next Sabbatical cycle. Make yourself white and put on the robes of righteousness for the coming wedding. Conspiracy hype does not do this; it takes you away from the truth of Torah leads you after endless rabbit trails. Again I warn you, no matter how alluring they may be do not go after them; do not continue to study conspiracy garbage but rather study your bibles from front to back. Stick to Torah and stop mixing the seed of truth with the seed from the tree of good and evil. Satan's tree.

Now in my prayers this past week on the 7th of Aviv, I prayed that each of you have an extremely meaningful foot washing and Passover and days of Unleavened Bread. May Yehovah wash you with His words and show you His truths.

Here is an email about the leaven that we are to have removed from our homes before Passover this coming Wednesday Evening.

Shalom Joe – lots of things on my mind this year as i prepare for the Passover Season. I like that you refer to Passover as a memorial, we do not “keep/do/asah Passover” in our generation, that requires slaying a lamb, whether we refer to Y'shua or the lamb of the exodus. He has already done (asah) that, so we don't need to slay a lamb. We remember events.

Think it was last week you referred to putting out leavening and leaven products. An awkward translation, leaven, leavening. All leaven raises a dough product (akin to the word levitate), but all leavening does not work through fermentation (yeast/sa'or). I learned a lot about what the practice of putting out fermentation means by studying the process. Baking powder and soda are not fermenters, do not teach us what is meant. A major key – fermentation is alive and spreads, whether good or bad. A great study. Judah understands that principle, look at the ingredients for matzah balls for Passover. And they put a fence around other grain products, and beans, not cooking with them, because of the possibility of fermentation.

So why unfermented dough? It is called the bread of affliction (Dt16:3, 24:18,22), the people of Israel were reminded of their affliction by taking a week to only eat (or drink, a whole 'nuther

study, and i remember what we in WW said, it is the feast of unleavened bread, not beer, in actuality it is the feast of unfermented, that too is a 'nuther truth) the unfermented via yeast, sa'or. In the case of bread, opposite to what we have thought. Y'shua is called the Bread of Life, living, as is the yeast/sa'or. He took upon Himself the bread of affliction. He died from doing so. But He is now Living, again. More to think about as we remember both of those special events. And don't forget, sa'or was not a package of yeast, it was a living "lump", put with a big batch of dough.

So we have redeeming/saving blood on the doorposts from a lamb or goat; bread of affliction from unfermented dough; and bitter herbs. Those last two probably tie together, affliction dipped in bitter living conditions. We are given redemption through the blood from the bitter affliction we find ourselves living in. My summation.

So, what is the lesson? putting out sin, coming out of sin? Scripture tells us it has to do with coming out of affliction. Granted, we are often in affliction because of our sins, yet some were born into affliction and knew no other way. How does that apply today? A possibility, we find ourselves in affliction/oppression to the world around. We are made free through Messiah, but we still live in the world. We can still be influenced by the world. So Abba gave us a "rite" to do as we look forward to coming out of our oppression/Egypt. We aren't there yet. Great studies this year, gets better all the time. The meaning in these days goes far beyond "putting out sin". There are other places we are told to overserve Torah, repent of and leave behind sin. And in the end, they all tie together. As Brad Scott would point out, Abba's way is circular/a cycle, not linear.

Have you gone through the hope-of-Israel web site? Look at the calendar section – they must consider the equinox as a pointer for the beginning of the year; and then go to the Sabbath link at the bottom of that page – those are Sunday dates, not 7th day of the week. This could be confusing to our "new little ones" in The Truth.

My disclaimer:) How i see things right now. Sabbath blessings.

B'Shalom,

Sandie

We have two comments about the Stoning of Yehshua in last week's News Letter.

Dear Joseph,

Respectfully, I disagree about the stoning. Yahushua was NOT guilty of blasphemy even though he was accused of it more than once (Look at John 10:31-39). Actually he wasn't guilty of any sin whatsoever. If the Jews wanted to stone him as they were about to in this text of John 10 they could have just as they did with Stephan. The gospel accounts tell of jeering and ridiculing at his death, but I don't find any mention of actual stoning of Yahushua in the record of the gospels.

Sincerely,

Ephesians 6:24

Jim

Joseph – Thank you for posting my article

I did read thru your article about stoning – I can see where this would be true – I am puzzled why the NT writers would leave out such a significant detail tho.

Also as I was reading this became significant to me;

“The hurling of small and sharp stones at Christ’s body would tear away pieces of his flesh ever so slowly until after about six hours of such treatment he would have been hanging on the tree of crucifixion as a person whose VISAGE AND FORM would have been so marred that he would not have resembled a normal human any longer.”

“Isaiah 52 and 53 were PERFECTLY fulfilled. His flesh was so TORN AWAY from the bones on the front part of his body that bystanders could hardly tell he was a human being. His flesh was so mangled and his body so DISFIGURED that it was almost impossible to recognize him. “His VISAGE was so marred MORE than any man, and His FORM more than the sons of man.” (Isaiah 52:14)”

This fits the Gen.15 cutting of the Covenant – of divided animals – the penalty of breaking this Covenant – that Yahshua as the lighted lamp took in Abraham’s (and our – as descendant’s) place. The descendants did break this covenant (Jer.31:32) by breaking the Sinai Answer to the Promise – now the Promise had no answer – the breaking of the Answer also broke the Promise – the proof is the crucifixion – and the raw meat resemblance of Yahshua to those animals.

If you fast forward this to the cross you can see that He had to die resembling those halved animals

These pieces fit well together – Thank you for posting this as well

Shalom – Have a Blessed Intercession and Passover

Grandpa Joseph:

Brother, I greatly appreciate your enumeration of the sequence of Passover, Unleavened Bread and First fruits. I seldom hear or read that sequence without some Rabbinical deviations. or Pagan insertions of one sort or another.

I am going back over the Prophecies of Abraham, and found an interesting Hebraic definition in the word “pestilence” as used in many verses Throughout scripture. It is H1698, in the Noun form, the III. definition: Plague: “The reordering of a population”. I think many of us relate Pestilence with famine etc., but in actuality it appears to be a none specific “reordering” where in a large number of people die. There is always sin involved, that seems to call for the death of the sinner (prior to Yahsua paying the final price for all).

Most interesting for me was the use in 2 Samuel 24:13. King David had just order the counting of the population of Israel and Juda, something Yah had prohibited. His counselors objected, but it was done anyway. As the count was given to David, he realized his sin and was give choices of the consequence. He chose the pestilence option and 70,000 men died before Yah spared Jerusalem. It says that the "plague" was stopped as YHVH "repented" (a very bad translation) H5162, nacham or either "gave comfort and or regretted" His action. My point is the pestilence/plague is not limited in its expression, except that large numbers of people die. As I have said before, the stage has been in process of preparation for many years, with genetically altered foods, vaccinations, "prescription" drugs, depleted soils, contaminated (with fluoride) water supplies, on and on, to where we as a population are nearly unable to cope with the onslaught of physical and psychological challenges of our day, to the point that we essentially shut down and simply allow whatever happens to happen. It is my position that Yah has allowed all these things to come upon us that His end time works will occur as He has prescribed from the beginning. It seems appalling that we are watching our society be destroyed by evil forces that 50 years ago we would have been able to stop. Now it seems we turn and run when no one is pursuing us. Soon we will fall before our enemies. Brother, look up and know our salvation comes nearer every day.

I pray YHVH's great work will soon come to its planned conclusion that the next phase for His children will burst upon the scene that the Righteous will take their place in His Kingdom with our Precious Savior when there will no longer be war or pestilence.

Keep up the great work you are doing my brother. I greatly anticipate your new book on Daniel's time line.

Opa Jim

I would like to share this one last email from Africa.

My Dear Friend Grandpa Joseph F Dumond. Thank you for your quick reply. I real am a Truth seeker and I put my all efforts and (where possible) resources to get it. You have real helped me a lot through your News Letters. I was a Sunday Worshipper by Background, born in a Catholic Church and then I left it when i was 24yrs old and joined to another Protestant Churches where I Ministered as a Local Church Leader (Pastor). I then joined to the Church Theological University where I learned and discover my new religion had no difference to the Catholic Church but was just a follower of the Catholic Churh Doctrine. I then left it after my Graduation and joined to the SDA and start keeping the Sabbaths. But when I was in the SDA, I also discovered has some Doctrinal similarities between the SDA church and the Catholic. One of them was a Trinity Doctrine which the SDA believes in and other Doctrines. Also I became to discover that I cannot get the truth through these Organizations, I mean the Registered Church Organizations but they all get to the Doctrinal similarities. I started to seek for the truth through the churches in Internet websites. I then discovered and edified importance of keeping not only weekly Sabbaths, but there are some other appointed days we need to keep and observe. Those are the 7 annual festivals, Passover, ULB, Pentecost, Feast of Trumpets, Day of Atonement, Feast Tabernacles and the Last Great Day. The SDA church

is not aware of them. Then I become to learn about importance of keeping or responding to the instruction on the New Moon Day which is also the SDA are not aware of. I now keep it together with my fellows. Now, you began to share me about the actual Calendar and years and division of years of categories which I need to learn and know more about.

Thank you very much. I don't know why. most of my fellow Sabbath keepers I ever tried to contact with seem to have not so serious in helping us Doctrinally. I am not alone here but are some fellows behind me from some areas of our country. Please send us at least 3 copies of any one of the books because there some other fellows need to know from other areas.

Thank you so much in deed!

Tanzania Africa
