News Letter 5856-010

The 4th Year of the 4th Sabbatical Cycle

The 25th year of the 120th Jubilee Cycle

The 1st day of the 3rd month 5856 years after the creation of Adam

Today is the 42nd Day of Counting the Omer

Today is the 6th Sabbath of 7 Sabbaths

The 4th Sabbatical Cycle after the 119th Jubilee Cycle

The Middle of the 70th Jubilee Since Yehovah told Moses To go Get His People

The Sabbatical Cycle of Sword, Famines, and Pestilence

April 25, 2020

Shabbat Shalom to the Royal Family of Yehovah,

Prayer Room

Last week after our online teaching from Uruguay on Prayer, we were all talking and one of the things that came up was to have a place for people to post prayer requests and for others to let them know they were praying for them. And a place for us to hear about results.

I had no idea how to set this up

I am pleased to let you know that James has found a solution. He will add it to the web site once he is done going through the thousands of pages on the site to check them so that they are all working. He has a number of other things to do as well. Watch for this in the weeks ahead.

If you should find a problem, then let us know and we can get it taken care of.

Telesphore is asking for all of us to pray about the upcoming election in Burundi that they are able to have the Sabbath and Holy Days made into a law for all the people in that country and those surrounding Burundi can keep them.

2300, 1260, 1290, 1335 and the Tribulation

For 15 years we have been telling you about the year 2020. We have been warning you about the 4th curse that goes with this year.

Lev 26:23 And if you will not be reformed by Me by these things, but will still walk contrary to Me,

Lev 26:24 then I will walk contrary to you and will punish you seven times more for your sins.

Lev 26:25 And I will bring a sword on you that shall execute the vengeance of the covenant. And when you are gathered inside your cities, I will send the plague among you. And you shall be delivered into the hand of the enemy.

Lev 26:26 When I have broken the staff of your bread, ten women shall bake your bread in one oven, and they shall deliver you your bread again by weight. And you shall eat and not be satisfied.

Lev 26:27 And if you will not for all of this listen to Me, but will walk contrary to Me,

Lev 26:28 then I will walk contrary to you also in fury. And I, even I, will chastise you seven times for your sins.

Lev 26:29 And you shall eat the flesh of your sons, and the flesh of your daughters you shall eat.

They are now here. Right on time. Yehovah's time, not mine. The COVID 19 starting on Passover, the early one we kept on March 10, 2020. I did not see that coming. And it was a shot heard around the world.

Now the News is reporting of biblical proportion famines starting in just three months' time. WHO would have guessed that would happen? Well, we have been saying this was coming now for 15 years. Our mistake was to focus on the sword aspect more than these other two which are found in that 4th curse.

We have also believed that something was going to trigger these events at Shavuot in 2020. The middle of the year and the middle of the 70th Jubilee Cycle. What specifically we did not know. But I expect the King of the South to attack the King of the North and that this would result in the invasion of the Middle East by the King of the North.

With the change of Passover moved ahead by one month what does that do to our Shavuot date of May 31st moving now to May 3rd, 2020.

I have sequestered myself at my desk for the past two weeks going through all the various potential counting systems to these last days.

I have had to do this and tear it down with each calendar system out there. I have shared some aspects with others to double-check what I am doing.

For 15 years I have suspected whether or not I could be correct in my understanding. The Jubilee Cycles are correct. The 70th One from the Exodus is correct. The middle of it

being 2020 is correct.

Our Countdown clocks are still correct for the most part. They could be off by one or even two months and we will reset them once we know for sure.

On Shavuot, we will be hosting another live zoom meeting and we will explain this in detail for all of you to listen in and learn. We have been hosting Shabbat Zoom teaching from people around the world each week. This Sabbath is another. I want to encourage you all to tune in and join us on Shabbath at 1 Pm Eastern and then again on Shavuot May 3 at 9 AM eastern and then again at 3 PM Eastern Time. The links will be in the News Letter.

If you do not know your calendars and the intricacies of each of them then you can be misled and end up keeping the Feasts at the wrong time. You must be able to understand and figure out the Holy Days going forward. If you do not have someone in the land to tell you or you do not have the crescent moon to start the month. You must know how to count.

Pauline made this simple and easy to use chart system for all of you to print off and have on hand. I cannot encourage you strong enough to begin to use it and learn from it how to get to the Holy Days.

Plan on being at the meeting on Shavuot. We will record it. But often the questions in the chat after are not recorded. And some of them are excellent about the subject we are talking about.

Shabbat Zoom Meeting

This Sabbath we are going to be taught by Sally Alexander on the subject of the Covenant.

We would welcome you to come and join our Shabbat discussion and midrash.

Joseph Dumond is inviting you to a scheduled Zoom meeting.

The Awakening Report

On Thursday evening we were hosted on The Awakening Report with Doug Hamp. We welcome you to listen in on the interview and learn some things or two. As we explain how the Jubilee cycles can reveal end time prophecies. Go [to this link to watch](#) the interview.

The Crescent Moon of the 3rd Month

This Friday evening April 24, 2020 the moon is expected to be sighted over Israel. Go out and look for it and then let us know in the comments if you or your family were able to see it.

This will make Shabbat the 1st day of the 3rd Month.

INMS graph for sighting this upcoming New Moon (the evening of Friday, April 24, 2020) from Israel.

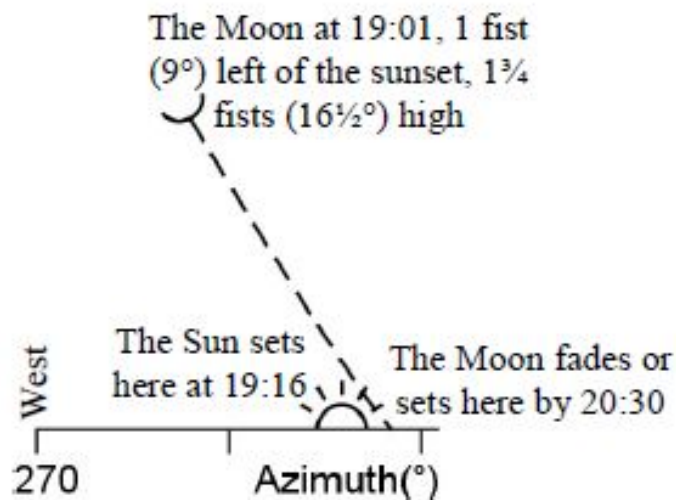

And here are the stats from the software I use:

For Friday, April 24, 2020, we expect a 7:14 pm sunset & 8:31 pm moon set (77 minute lag time), 2.39% of illumination, with a lunar altitude at sunset of 14.3 degrees and a solar altitude of -15.1 degrees at moon set.

Yehovah's
Hand is
Stretched
Out

The Moon on Friday, 24th April 2020

Venus at 19:01. The Moon is
1 finger (2°) left and $1\frac{1}{4}$
spans ($25\frac{1}{2}^\circ$) below it

The Moon is likely* to appear over the western horizon between 19:01 and 19:44 on Friday, 24th April 2020, at azimuth $277\frac{1}{2}^\circ$, 1 fist left of the sunset, $1\frac{3}{4}$ fists (at arm's length) high. This month Venus can be used to find the Moon. The Moon is easy to see until it fades or sets between 19:50 and 20:30. Illum. 2.23 (2.49)% Lag 78 m.

Last week I ask you all to spend this time in your homes reading Isaiah and then we could talk about it on Sabbath. Here is one of the pearls I found.

Isa 5:12 And the lyre, and the harp, the timbrel, and pipe, and wine, are at their feasts; but they do not regard the work of Jehovah. Yea, they do not see the work of His hands.

H3027 (Brown-Driver-Briggs)

??

ya?d

BDB Definition:

1) hand

1a) hand (of man)

1b) strength, power (figuratively)

1c) side (of land), part, portion (metaphorically) (figuratively)

1d) (various special, technical senses)

1d1) sign, monument

1d2) part, fractional part, share

1d3) time, repetition

1d4) axle-trees, axle

1d5) stays, support (for laver)

1d6) tenons (in tabernacle)

1d7) a phallus, a hand (meaning unsure)

1d8) wrists

People do not seek the works of His hands. They do not see the cycles of time that He created.

Isa 5:18 Woe to those who draw iniquity with cords of vanity, and sin with cart ropes;

Isa 5:19 who say, Let Him hurry and hasten His work, so that we may see it; and let the purpose of the Holy One of Israel draw near and come, so that we may know!

And because they cannot see His cycles of His hands, they mock those who do daring them to bring them about so they can see them. Then, THEN they will believe.

Isa 9:11 And Jehovah shall set up the foes of Rezin against him, and spur on his enemies;

Isa 9:12 the Syrians in front and the Philistines behind; and they shall devour Israel with open mouth. For all this His anger is not turned away, but His hand is stretched out still.

Isa 9:13 For the people do not turn to Him who strikes them, nor do they seek Jehovah of Hosts.

Isa 9:14 And Jehovah will cut off from Israel head and tail, branch and rush, in one day.

Isa 9:15 The elder and honorable, he is the head; and the prophet who teaches lies, he is the tail.

Isa 9:16 For the leaders of this people led them astray; and their guided ones are swallowed up.

Isa 9:17 For this the Lord shall not rejoice over their young men, nor shall He have mercy on their orphans and widows; for everyone is a hypocrite and an evildoer, and every mouth speaks foolishness. In all this His anger is not turned away, but

His hand is stretched out still.

His hand is stretched out to send the curse and at the same time to pull us out of it if we repent.

Pestilence Famine Sword

Since 2005 we have been warning you about the year 2020. But no one listens because there are and have been so many others crying false prophecies and false conspiracy teachings.

Isa 6:9 And He said, Go, and tell this people, You hear indeed, but do not understand; and seeing you see, but do not know.

Isa 6:10 Make the heart of this people fat, and make their ears heavy, and shut their eyes; lest they see with their eyes, and hear with their ears, and understand with their hearts, and turn back, and be healed.

And now many of those who have rebelled and chose to hang on to their conspiracies are offended at us and no longer think of us as inspired as they once did. They would rather hang on to those lies than the truths found only in the Torah.

No one listens to them because of their many false conspiracies and idiotic predictions. They are made out to be fools like all those who were promoting the flat earth teachings. Then these same people begin to tell others about what they are learning here at

sightedmoon.com and the more they promote us the more our teachings are lumped in with the false lies they have been spreading revolving around the conspiracy teachings.

Now when the COVID 19 hit the world and WHO declared it a pandemic on the very same day we were keeping Passover on, yes the same time when Israel was told to stay in their homes with the blood on their doors, on this very same day the world was told to stay inside and shut their doors, Yehovah sent a loud and clear message. Did anyone hear Him?

Most complain about their lack of liberties and the second amendment rights if they are American and how they all need to go out and protest their freedom to assemble. Again this is caused by conspiracies teachings telling you not to trust anyone in authority over you. This is anti-authority teaching, that comes directly from Satan and yet they all promote this fallacy all the time.

But does the world see the irony in WHO declaring a Pandemic on the very day we kept Passover? Does anyone see Yehovah's Hand in all of this?

No, they are all screaming Bill Gates and Vaccines and Man-made bioweapons and 5G conspiracies. Or it was planned by those secret men in the back rooms. They, the George Soros and the Rothschilds have planned all of this to take over the world.

These rebels continue to mutter and attack us at sightedmoon for speaking out against them. How dare I do such a thing? Because you were and you are sinning and you still do not get it. Your Gossip and your lies have helped to hide the facts of what Yehovah is doing. You are doing this each time you spread those half-truths that are mixed with lies. You are no different than Korah and you are no different than Miriam and Aaron when they came against Moses. Do you not fear what Yehovah can and will do unless you repent of this evil?

Many of you are so pissed off at me for calling you out that you now begin to attack the only work that is telling you when these prophetic biblical end-time events will happen as shown to us by the Jubilee Cycles. Yet you do not see the danger of your actions.

2Sa 24:10 And David's heart struck him after he had numbered the people. And David said to Jehovah, I have sinned greatly in what I have done. And now, I beseech You, O Jehovah, take away the iniquity of Your servant, for I have done very foolishly.

2Sa 24:11 And David rose up in the morning. And the Word of Jehovah came to the prophet Gad, David's seer, saying,

2Sa 24:12 Go and say to David, So says Jehovah, I offer you three things. Choose one of them, so that I may do it to you.

2Sa 24:13 And Gad came to David, and told him, and said to him, Shall seven years of famine come upon you and on your land? Or will you flee three months before your enemies while they pursue you? Or shall there be three days' plague in your land? And advise, and see what answer I shall return to Him who sent me.

Your conspiracy teachings are covering up the Fact that Yehovah is the one sending these plagues in order for people to repent. Yehovah has His arm stretched out to cause the suffering and to help those who do repent. But if everyone thinks this is a government coverup and that big brother is behind it as you say in your posting on this or that conspiracy, then they do not and will not see Yehovah's hand in any of this.

Read what Lev 26 says again. Read it!

Lev 26:23 And if you will not be reformed by Me by these things, but will still walk contrary to Me,

Lev 26:24 then I will walk contrary to you and will punish you seven times more for your sins.

Lev 26:25 And I will bring a sword on you that shall execute the vengeance of the covenant. And when you are gathered inside your cities, I will send the plague among you. And you shall be delivered into the hand of the enemy.

Lev 26:26 When I have broken the staff of your bread, ten women shall bake your bread in one oven, and they shall deliver you your bread again by weight. And you shall eat and not be satisfied.

Lev 26:27 And if you will not for all of this listen to Me, but will walk contrary to Me,

Lev 26:28 then I will walk contrary to you also in fury. And I, even I, will chastise you seven times for your sins.

Lev 26:29 And you shall eat the flesh of your sons, and the flesh of your daughters you shall eat.

Yehovah is the one sending the plague. Yehovah is the one sending the famine. Yehovah

is the one sending the sword. Tell the people these facts. Tell the People Yehovah is behind it and not some flipping conspiracy teaching that you're promoting. Yehovah is doing this so that we as individuals and as nations will repent and return to Him. Tell this to the people in your posts.

All the news stories I am not sharing are at the most a week old but most are just the last few days. We, all of us in this world are in a crisis and we all need to repent if we want to have any hope of us or our children making it out alive.

(Reuters) – A second wave of the coronavirus is expected to hit the United States next winter and could strike much harder than the first because it would likely arrive at the start of influenza season, the director of the Centers for Disease Control and Prevention warned on Tuesday.

“There’s a possibility that the assault of the virus on our nation next winter will actually be even more difficult than the one we just went through,” CDC Director Robert Redfield told the Washington Post in an interview.

As the current outbreak continues to taper off, as shown by a recent decline in hospitalization rates and other indicators, authorities need to prepare for a probable resurgence in the months ahead.

“We’re going to have the flu epidemic and the coronavirus epidemic at the same time,” he said, and the combination would put even greater strain on the nation’s healthcare system than the first outbreak.

The virus, which causes a highly contagious and potentially fatal respiratory illness dubbed COVID-19, emerged late last year in central China. The first known U.S. infection, a travel-related case, was diagnosed on Jan. 20 in Washington state near Seattle.

Since then, nearly 810,000 people have tested positive in the United States, and more than 45,000 have died from the disease.

Redfield and other public health authorities credit drastic stay-at-home orders and widespread business and school closings across the country for slowing the spread of infections. But the restrictions have also stifled American commerce while throwing at least 22 million people out of work over the past four weeks.

Even as the lockdown is gradually eased, Redfield stressed the importance of individuals continuing to practice social distancing among one another.

At the same time, he said, public health authorities must vastly ramp up a testing system to identify those who are infected and to locate their close personal interactions through contact tracing.

Asked about the recent flurry of street protests of stay-at-home orders and calls for states to be “liberated” from such restrictions – as President Donald Trump has advocated on Twitter – Redfield told the Post: “It’s not helpful.”

Building a nationwide contact tracing network, key to preventing newly diagnosed cases from growing into large outbreaks, poses a major challenge because it is so labor intensive, requiring a workforce that by some estimates would require as many as 300,000 personnel.

Redfield said the CDC is discussing with state officials the possibility of enlisting and training workers from the U.S. Census Bureau, and volunteers from Peace Corps and AmeriCorps, to create a new contact tracing workforce.

Isa 9:8 The Lord sent a Word to Jacob, and it has fallen on Israel.

Isa 9:9 And all the people shall know, Ephraim and the people of Samaria, who say in pride and hardness of heart,

Isa 9:10 The bricks have fallen down, but we will build without stones; the sycamores are cut down, but we use cedars instead.

Isa 9:11 And Jehovah shall set up the foes of Rezin against him, and spur on his enemies;

Isa 9:12 the Syrians in front and the Philistines behind; and they shall devour Israel with open mouth. For all this His anger is not turned away, but His hand is stretched out still.

Isa 9:13 For the people do not turn to Him who strikes them, nor do they seek Jehovah of Hosts.

Do you know why the people will not turn back to Yehovah? Ask yourselves why they would not turn back!

Ask yourself why the people today are not turning back to Yehovah after all the wildfires in California and Australia. Ask yourself why the nations are not turning back to Yehovah after this COVID 19 attack. Then ask yourself why these millions of people who have been hurt economically have not turned back to Yehovah.

None of them repents. WHY?? WHY??? Ask yourself WHY?

They have been lied to and some of you are helping them to remain deceived in those lies. Those conspiracy lies that you spread.

The wildfires are caused by the Green House Effect or Global Warming, Co2 Emissions. Rising Ocean Levels are caused by melting ice at the poles. The severity of storms around the world are caused by, by, by....pick any excuse you want to chime off. None of them are true.

They are all sent by Yehovah!!!

And because the people are thinking it is some sort of conspiracy created by George Soros or Bill Gates they do not know these things are sent by Yehovah. And next, as the news is reporting, is a famine of biblical proportions.

Will you now tell those people that this is sent from Yehovah, or are you going to credit some other wackamania conspiracy story to take over the world as told to you by Alex Jones.

Yehovah's hand is stretched out. Will the people reach out and repent now or will they continue to blame someone or something else for their misery rather than change their ways.

Coronavirus: World risks 'biblical' famines due to pandemic – UN

A reality check

Analysis

By Lyse Doucet

Chief international correspondent

The WFP chief – who has just recovered from Covid-19 – began his Security Council briefing by saying “excuse me for speaking bluntly.” There is no blunting what could happen in a world facing – even before this global health crisis – what David Beasley called the worst humanitarian catastrophe since the Second World War.

In an interview, he also expressed fear that 30 million people, and possibly more, could die in a matter of months if the UN does not secure more funding and food. But this is also a world where donors are reeling from the steep financial cost of their own Covid-19 crises.

Mr Beasley says no-one told him they would turn their back on the most vulnerable. But he admitted they would need to take stock at home first. He warned that chaos elsewhere could circle back around the world.

His blunt warning: “One way or another, the world will pay for this.” Better to work together, he says, on the basis of facts, not fear.

The world is at risk of widespread famines “of biblical proportions” caused by the coronavirus pandemic, the UN has warned.

David Beasley, head of the World Food Programme (WFP), said urgent action was

needed to avoid a catastrophe.

A report estimates that the number suffering from hunger could go from 135 million to more than 250 million.

Those most at risk are in 10 countries affected by conflict, economic crisis and climate change, the WFP says.

The fourth annual [Global Report on Food Crises](#) highlights Yemen, the Democratic Republic of the Congo, Afghanistan, Venezuela, Ethiopia, South Sudan, Sudan, Syria, Nigeria and Haiti.

In South Sudan, 61% of the population was affected by food crisis last year, the report says.

Even before the pandemic hit, parts of East Africa and South Asia were already facing severe food shortages caused by drought and [the worst locust infestations for decades](#).

Addressing the UN Security Council during a video conference, Mr Beasley said the world had to “act wisely and act fast”.

“We could be facing multiple famines of biblical proportions within a short few months,” he said. “The truth is we do not have time on our side.”

In a call to action, he added: “I do believe that with our expertise and our partnerships, we can bring together the teams and the programmes necessary to make certain the Covid-19 pandemic does not become a human and food crisis catastrophe.”

The WFP’s senior economist, Arif Husain, said the economic impact of the pandemic was potentially catastrophic for millions “who are already hanging by a thread”.

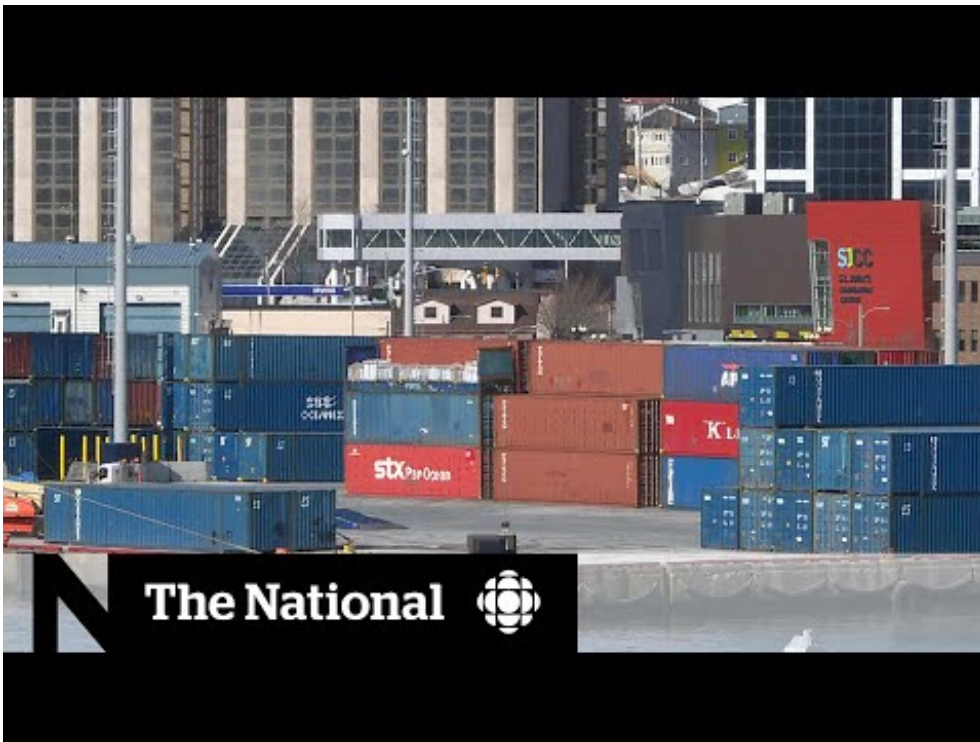

“It is a hammer blow for millions more who can only eat if they earn a wage,” he said in a statement.

“Lockdowns and global economic recession have already decimated their nest eggs. It only takes one more shock – like Covid-19 – to push them over the edge. We must collectively act now to mitigate the impact of this global catastrophe.”

Earlier this month, this WFP said it was set to halve aid to parts of war-torn Yemen controlled by Houthi rebels due to a funding crisis.

It said some donors had stopped their aid over concerns that deliveries were being obstructed by Houthi forces.

The WFP feeds more than 12 million Yemenis a month, 80% of whom are in areas controlled by Houthi forces.

More than 95% Canada's beef comes from 3 processing plants. Two of them have COVID-19 outbreaks

Wed Apr 22 18:08:00 EDT 2020

OTTAWA—The coronavirus pandemic is exposing the risk of relying on a few industrial slaughterhouses for a huge portion of Canada's beef supply, according to food experts and a national farmers' union.

More than 95 per cent of Canada's beef production comes from just three processing plants, the National Farmers Union says. Two of them have been hit by COVID-19 outbreaks, including a massive plant in Alberta that shut down Monday with no estimated date of return.

Ian Robson, a board member with the union who raises cattle on his farm in Deleau, Man., said this could have a major impact. When a big processor shuts down, shock waves roll through the beef supply chain that increase consumer prices and force ranchers to take losses because they can't sell cattle, he said.

"You can't eat the beef until it's killed and processed," Robson said. "And if the killing capacity is the limiting pinch point, it causes a problem both for people who want to eat and for us who want to raise and sell the product."

The situation also puts employees under pressure as large processors are declared an essential service during the pandemic, said Paul Meinema, national president of the United Food and Commercial Workers that represents 40,000 workers in the food

processing sector.

“We are in unprecedented times and our members are very dedicated,” he said. “It certainly is causing stress for them as individuals.”

Experts who have spoken to the Star in recent days — along with Prime Minister Justin Trudeau on Tuesday — have stressed that Canada’s food supply is stable, even if disruptions drive up prices as millions of people turn to government aid to make ends meet.

But the concentration of production has been a recurring question for the beef industry as smaller processing plants have been replaced by industrial slaughterhouses in recent years, said Queen’s University professor Elaine Power. According to the National Farmers Union, there were 119 federally inspected beef processors in Canada in 1988; now there are 20.

“People have been sounding the alarm on it for a while, but no one pays any attention unless there’s a problem,” said Power. “It works for big multinational corporations because they make lots of profit, but there’s a price.

“The price right now is the security of the food supply.”

Dalhousie University professor Sylvain Charlebois, director of the school’s Agri-Food Analytics Lab, said concentration of production poses a risk, but the realities of the beef industry simply make it difficult for smaller players to compete. Larger companies can achieve greater production efficiencies in a high-cost sector, buy cattle from ranchers for better prices, and meet rigorous inspection and quality regulations, he said.

Canada could change regulations to encourage regional processors, but that would increase prices, Charlebois said.

“The architecture of the industry is a product of what we want as consumers: we want cheap food,” he said.

While the Canadian Food Inspection Agency reports there is no evidence food is a “likely” source of transmission for the virus, outbreaks of the disease have forced some meat processing plants to slow production or shut down after workers contracted COVID-19.

Two pork plants in Quebec temporarily shuttered to deal with outbreaks this month, and on Monday, the Cargill facility in High River, Alta. suspended operations with no estimated date of resumption. Another major beef producer in Brooks, Alta., is facing an outbreak with more than 60 confirmed infections. And a chicken processor in British Columbia also shut down Tuesday after Vancouver Coastal Health reported 28 workers there contracted the virus.
