Shabbat Shalom To the Royal Family,

The Work in Burundi Africa

A few weeks ago I received this email from one of the ladies in Burundi who did some translations of one of the presenters on the Sabbath so I could understand what he was saying. I was told she was from one of the Congo assemblies. I just searched my pictures to see if I had one of her but I do not see any. The Congo is one of the countries that Telesphore goes to regularly to teach the Torah to.

I AM VERY GLAD TO WRITE THIS MESSAGE. I AM GRACE NUWAMARIYA; A BURUNDIAN LADY WHO SHORTLY HELPED IN INTERPRETATION WHEN WE WERE IN CONGREGATION. WE HAVE BEEN VERY HAPPY OF WHAT YOU TOUGHT US. WE WISH YOU CAME BACK AGAIN. MY THE LORD STAY WITH YOU FOREVER.

This past week you may have heard on the News about the 15 UN peace Keepers all from Tanzania who were killed in the DR Congo. Five soldiers with the DR Congo's armed forces (FARDC) were also killed and 53 other UN troops were wounded. The UN's peacekeeping mission in the country, known as MINUSCO, is believed to have been targeted by Ugandan Muslim rebel group ADF, one of several armed groups active in the North Kivu region, according to Congolese military sources.

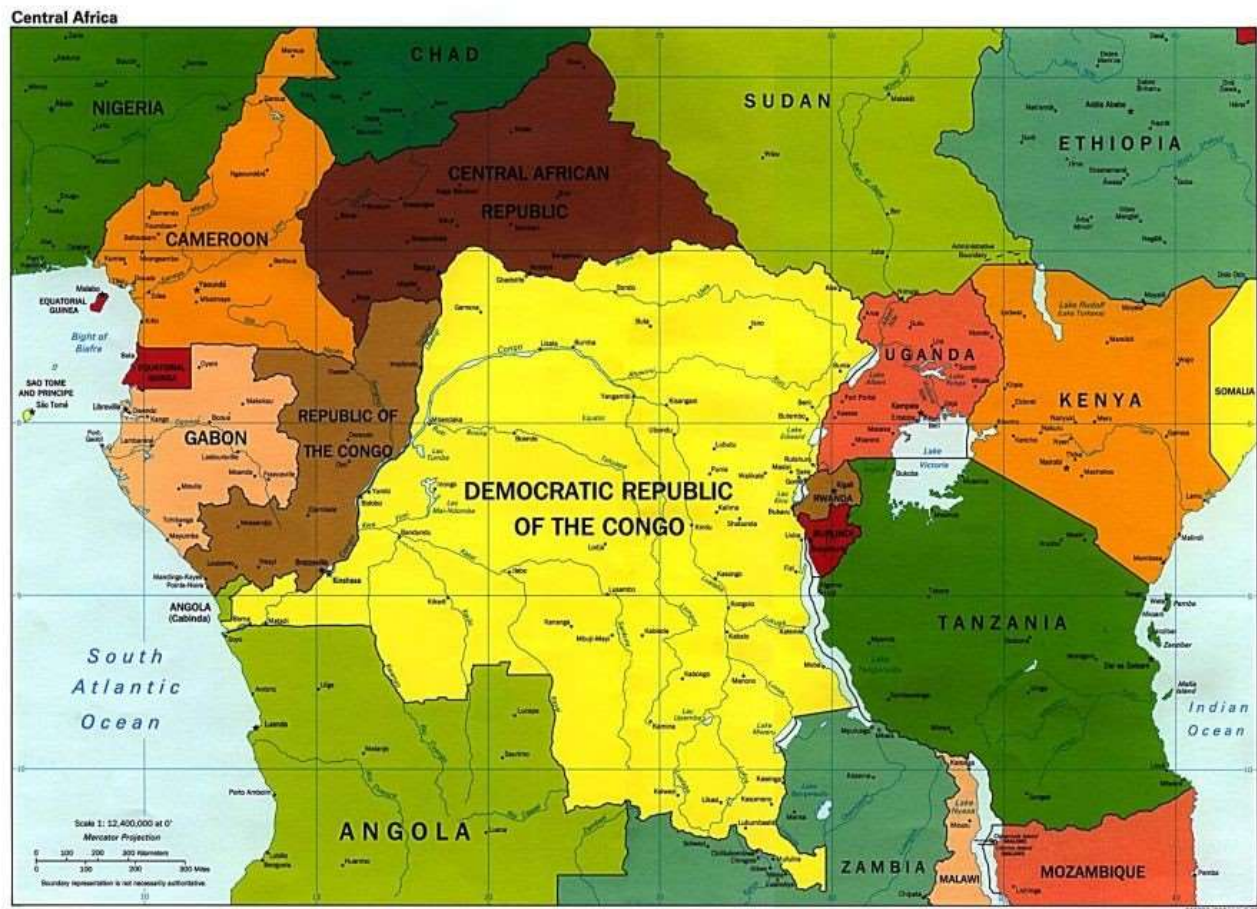

I would like you to watch what the US Ambassador to the UN, Nikki Haley has to say about those people in Eastern Congo.

When James and I were there this September we had to fly into Goma in this area where the UN troops were recently killed. Mind you, we never got off the plane and we were there but for an hour. And we were never in any danger. But what I am showing is, that the areas in which Telesphore is traveling are fraught with dangers. And as you just read the Muslim extremists are pushing their way further south into this area around Burundi. Do pray for Telesphore and the brethren and the work we are doing there.

I am sharing all of this with you so you can see what Telesphore is dealing with and those things he has to consider when he travels. Again here is Burundi in relationship to the various countries he has Pastors and groups in. The DR Congo, Tanzania, Burundi, Rwanda and this report this week is from Kenya.

I want you to also keep in mind what Ambassador Nikki Haley said is going on in the Congo and know that Telesphore also manages a Clinic in Bujumbura. He has two staff nurses on duty and a Doctor that comes by once in a while to see the patients. When we were there they had not been paid for 3 months I think it was. He also has an orphanage that he is looking after. HIV is a major problem and many of the parents have died from this disease.

You can also see from this map how close Zambia is and Uganda where some of the other groups I have been talking with are. But these distances are very great indeed.

Here is the last report I got from Telesphore as he went to visit Bishops and Pastors in Kenya near the Tanzanian border. It is my understanding that all the pictures were taken by Telesphore.

Telesphore Ntashimikiro: I finished my visit to Kenya yesterday evening on the Sabbath. I was supposed to leave Kenya Dec.5 but I was told to go back home and be better for me to come after Nov. 28 because the tension is still high in Kenya and everyone is advised not to travel in Nairobi by Nov. 28. So I will be back to Kenya until the New President is sworn. I visited and taught in 5 different churches in Kenya but I did not finish my schedule due to the insecurity. I will send you the report. I met 15 Bishops and 33 pastors who are in need to know more about this truth. 4 of the 15 Bishops have decided to change from Sunday to Saturday (Sabbath )

You can see from the charts and the booklet that Telesphore is teaching them about the Sabbatical and Jubilee cycles and how they relate to the end times.
