Shabbat Shalom to the Royal Family of Yehovah,

Update on this End Time Work

I have met many people since I first began to teach this message in 2005. I had met more since 1982 as I walked this walk. There are too many that I love.

In 2015 I went to the Philippines at the invitation of Aike Mesias of MLTC. He had many questions and he also slept in the same room with me for most of this time. We got to know each other very well. Not just the person in front of the camera but the way we are in traffic and when hungry or tired after a long day. It was during this time when the true personalities are exposed that you get to see the real person and whether or not they are obeying Yehovah in real life and not just on stage.

In 2018 for Passover last year I went back to the Philippines and we covered the South on this tour. Again it was exhausting and grueling. But we reached people we would not normally have been able to contact.

In all of this together, Bro Aike has grown to be as passionate about sharing as I am about our message. I have grown to love him and the brethren of MLTC who have woeed my heart. I have seen many groups startup and other whole groups convert over. In fact just this past Sabbath, Aike wrote to me about this large group that he was being associated with and sent the following note.

Was invited last night to the Intercessory for the Philippines gathering by my cousin, Richard Macias, who is elder in a church. This group will soon be Hebraic in the next 2 years. They keep the 7 biblical feasts. Watch out. These are a network of thousands of churches across the country. What does YEHOVAH about to the Filipino end time believers? House Bill is still pending at Congress . Need your prayers. broaike@yahoo.com

Brother Aike has also been meeting with Bishop Daniel A. Balais the Senior Pastor of CLSF – Christ the Living Stone Fellowship and Chairman of IFI – Intercessors for the Philippines. And I have mentioned before how Bros Aike is a close friend of the Belgicas who are friends with Manny Pacquiao and who are also friends with President Duterte and work for him.

Looking in from the outside it would seem Yehovah has flung the door wide open here in the Philippines and we at Sightedmoon.com are blessed to be a small part of it. Here is the latest update from Bro. Aike about the work going on there and the plans for this spring. The Brethren in the Philippines and at MLTC practice the command to be Joyous at the Feasts. Here are Bro Aike and his wife Florence practicing that command at Passover last week with the brethren.

Shalom Sightedmoon friends & brethren,

Blessings of shalom from the Philippine Torah restoration movement. A movement by no less than the King of the universe YHVH (I prefer Yehovah or Yahweh, we are not sacred namers), through His Kingly Son Yeshua (Jesus) the Messiah of Israel.

Since the last feast of Sukkot (Tabernacles) last October 2018, wonderful things have been happening. It feels like we are being upgraded with our knowledge of the Torah especially as how it relates to the timing of YHVH with His Appointed (moedim) seasons (festivals). I can sense that even the many pastors who had joined the bandwagon of keeping the commandments of YHVH are maturing in their knowledge of the study of the Torah. What really hits me really big this time is, the revelation of Kingdom concepts and principles. Truly this gift of acquiring wisdom from the Torah is indeed a great blessing in itself. Wisdom must come first before the blessings because blessings could be dangerous without the wisdom on how to manage blessings. Historically this has what happened to Israel, during the time of Solomon, they lost the kingdom were scattered and assimilated around the world beyond recognition, which were labeled “ lost tribes of Israel.” Joseph Dumond has good teachings on this subject in his book the 2300 days of hell.

And through the leadership guidance of www.sightedmoon.com as to when is the new moon (new month) and why we are to celebrate the Feast days based on the Abib (Aviv) barley agricultural Hebrew calendar in Israel. Our ministry in the Philippines subscribed and believed that indeed the new moon was sighted in Israel last March 8 sunset and the timing of the ripening of the barley reports from Israel, we will celebrate the feast days according to this timeline. <https://sightedmoon.com/the-7-holy-day-dates-for-2018/>

So, our ministry and the many other churches and congregation that we had influenced over the years will also keep the feast starting this Thursday night March 21 and 22 and 23 & 29 for the Passover and the feast of unleavened bread. It's a joy to and privilege to be able to obey king YHVH. <https://sightedmoon.com/is-it-barley-or-the-equinox-that-determines-the-new-year/>

It seems the momentum is here now, the rubber hits the road now for the Torah restoration ministry here in the Philippines and more work and opportunities to teach to Christian groups. The timing is here, all evidence are pointing to that YHVH is very serious in bringing His Torah to the people of the Islands of the sea.

Just the past few weeks YHVH had opened up new avenues to teach to.

This group of evangelical pastors finally decided to hear what we have to share to them about learning the Bible from its original Hebraic context, what I mean by that is understand the new testament (27 books) in light of the 39 books of the old testament or what they call in Hebrew the TANAKH, an acronym for the Torah Nevi'im (prophets) and Ketuvim (writings). Guess what, the results is so fast that in just 5 meetings since this meetings have started last month in Marikina City, led by our brother Alvin Abaring which are his former colleagues in their Christian organization. These pastors will celebrate the Feast of Passover this coming Thursday night March 21 according to the Aviv sighted moon calendar. It's going to be their first time, I believe. Talking about alignment in the Kingdom. Wow this it. Praise YHVH!

Another great opportunity that I never thought of is this new group that we been reaching to since the past months. It's up north of Luzon around 150 kilometers north of Manila around 3 hours straight driving.

These are one of those indigenous people tribal groups from the Philippines that are under privilege. They are located up in the mountain places, very remote and most of them are farmers, and yet the gospel of the Kingdom of God had been received by them. We don't choose people to reach and teach to. It's YHVH doing the choosing. To me, I look at them in the same way I treat other people. They are simply people just like us who needs the saving grace of Yeshua the Messiah and the Torah as teachings instructions from YHVH.

MLTC team have previously visited this very poor community of around 500 men women and children and bless them with food, clothing and some money to renovate their place of meetings. Their community does not even have electricity. So, my small emergency generator I donated to them.

These pastors are asking me to return and teach them again more particularly about the Laws of God in the Torah.

Great signs. And By the way, one Aeta tribal pastor (ptr Ruperto Verona) will be keeping the feast of Unleavened bread this week.

I'm going there tomorrow (March 20) to help guide and teach.

It reminds of the words of our Master Rabbi Yeshua. *“ Mat 11:28- (28) “Come to me, all you who labor and are heavily burdened, and I will give you rest. (29) Take my yoke upon you, and learn from me, for I am gentle and lowly in heart; and you will find rest for your souls.(30) For my yoke is easy, and my burden is light.”*

In the previous years in the ministry, I can feel the burden is so heavy, it feels like very hard work is needed to accomplish this missions of bringing the Torah to the Filipinos. But perseverance and faith is the key. I just move with anything that God had place in my hands and shoulders.

Now in the coming month of April to May, I have planned for a 30 day Torah mission tour in 8 different cities in the Philippines. Some new territories is going to be explore like Iloilo city and Dipolog City. Need fasting and prayers on this one.

Joseph Dumond and I have previously laid the ground works in these areas last April 2018 more particularly in Davao and Digos city in which these groups will be keeping the feast of Pesakh/Unleavened bread this week March 21 to 23. I will just continue to visit them and water them with more Torah teachings for further knowledge and understanding. See, I just love what I'm doing because it's very meaningful and soul satisfying. Here's the poster just printed for our upcoming seminars in the different places in the Philippines.

One the best things so far is that YHVH has guided to deal with the topics of the "kingdom", the real authentic first century context of the gospel of the kingdom, the only message the Yeshua have preached during his lifetime. Here's the link to some of our latest teachings on this subject.

<https://www.youtube.com/watch?v=-yywskqV-jU>

Joseph Dumond is led in the same way about the aspects of the Kingdom of God which is are very important concepts and principles in understanding the fundamental underlying theme the entire Bible itself. Here's the link to Joseph latest work on this subject.

All in all, we are winning thus far. YHVH definitely wants us to succeed because our success is His success.

It's all work for the kingdom, but it's going to be all worth it. I was once a life insurance salesman, and our sales pitch would be something like this " Mam, sir, If you buy an insurance plan from our company, your will be secure from womb to the tomb, or even better from conception to resurrection." LOL. Now it's even better armed with the knowledge of the Torah, we are going to be secured even more until the 1000 years millennial reign of the Messiah. YHVH is bound to keep His promises from one end of the bible to the very end. He keep His promises. Amen.

Please donate to www.sightedmoon.com ministry. Joseph in turn help us finance this trips to different locations in the Philippines. You know seminar cost money to pay for the venues, food and my travelling cost, tickets food etc..... Thank you so much, it's an honor and a privilege to be a co- worker in the Kingdom, Pray for the LORD of the Harvest the He sent out Laborers for the Harvest. SHALOM !

In Messiah Yeshua (Jesus)

Brethren, I want you to know where we have been investing the donations that you have been sending to us. We have been sending some of the funds to support the work in The Philippines with Bro. Aike as we have shared with you above. And we have also been sending funds to Burundi Africa to support the work Bishop Telesphore is doing there with over 250 pastors. We are striving to save up the \$30,000 needed to send James there to teach all of these pastors for 6 months in each of the provinces of Burundi and neighboring countries. And Ebola has again broken out in the neighboring country of the Democratic Republic of the Congo.

This winter we have been talking with Boaz and Rinah with whom we had invested a large investment in developing the vineyard in Israel. It has now been 7 years since we began this project and it has been challenging at times. We also conducted a tour to the vineyard in 2016, the Sabbatical year. Our working relationship in this investment has been strained. We are talking about sightedmoon.com taking over the complete daily operations of the vineyard. Again these things are being talked about but nothing has come to a resolution.

This winter we also launched our newest book which Aike has mentioned above. Scripture Lessons for the Kingdom. We are selling it in our store for \$9.99 and we are going to target the Philippines with this book soon in an ad campaign. We have already sent to a few groups in the Philippines and Kenya and Burundi, but have not heard back from them if they liked it or not. This all took place just the past month.

We had also invested in a farm project in the Philippines about 2 years ago. This project was done by me with a few others and if it worked then we would have invited sightedmoon.com and you to also join in it. Growing pains and trouble have produced a disappointing result but it has also produced some true colours in those involved and this is great to see. So we will continue to work with them and rectify the problems and pray for the blessings to now come.

Sightedmoon.com has been in contact with a thriving group of brethren in India and we are about to invest in them and begin to do a work there in sharing this end time message across this entire region. We are getting to know each other right now and hope to soon share with you much more in the months to come. They have been sharing our message about the Jubilee years to the elders and we are looking to share even more when we can.

James and I came to a conclusion this week that I just do not have the time needed to do this radio station I was trying to get up and running. So we have set it aside until that time when I have the time to take care of it. I still plan to launch it but when and how, remain to be seen. So it is now set aside until a later date.

And finally, we want to announce to you that we have begun to work on an ad campaign with two objectives. 1) We want to reach out one final time to the Israelite nations with our message about the Sabbatical and Jubilee years. Their time is almost up. 2) And in doing this we are hoping to sell our books to them which will support our efforts to advertise and support this work that you along with us have been doing together.

We are going to target the USA, Canada, the UK, Australia and New Zealand. We are not professionals in this field and the cost of hiring those who are is way beyond our current budget. But we feel we must try and do something as we can clearly see the door closing on the Ark as we are sharing this week with you. Please do pray and fast for us. Pray Yehovah inspire us in the way that will serve His will and help this work to continue to go forward.

We have had some very successful ads in the Philippines. We are now throwing our complete effort into the next ad aiming at the rapture people and I am trying to get it out the door in the next week or so. Please do pray our efforts will be pleasing in Yehovah's eyes.

If you have ideas about doing this work or you would like to help do this work, then send us a note. I would rather see you doing the work and then asking us to join you than you telling me more ways I can spend my already little time.
