

Sabbatical & Jubilee Year Charts

 sightedmoon.com/sightedmoon_2015/

By Joseph F. Dumond

June 3, 2008

Here are the Microsoft Excel charts showing the years and events relevant to those years. It is hard to properly portray the information but this goes pretty far in making it crystal clear. Do take the time to look at the different sheets within these files to read more information and my notes.

It is also needed to study these charts in conjunction with the News Letters which are talking about these events.

[Jubilee file 1](#) When You open this file go to sheet one

[Jubilee file 2](#) When you open this file slide the left and right bar to the left to see the whole chart.

To View a chart of the Jubilee cycles as they are recorded starting from Adam down to our modern times, go to

https://sightedmoon.com/sightedmoon_2015/files/jubilees_corrected.pdf

This chart will show you exactly when the Exodus took place and where we are in accordance to the current Jubilee cycle.
