

Sightedmoon's Goals and Hiring needs for the coming 10 years

March 5, 2016

(extracted from Newsletter: News Letter 5851-053)

Shalom Brethren,

On the coldest day thus far in Canada this year, with temperatures at -40 C including wind chill, some of our team and I gathered together to chart out the direction that sightedmoon.com is going to be working towards in the remaining years ahead.

I was being lured in fall of 1981 into studying the history of Israel in search of my family history. While I was researching this history, I was challenged about the "Saturday" Sabbath being the true Sabbath.

Over the winter of 1981-1982 I proved that Saturday was the true Sabbath and I had been wrong about Sunday. Over that winter of 1982, I began to attend the World Wide Church of God on the Sabbath starting just before Passover 1982.

1981 was the last Christmas I was to ever keep.

Shortly after I began to attend regular Saturday Church services, I learned about the Holy Days and what each one represents. One Jubilee cycle from that date takes me to the year 2030.

In 2004 Yehovah once again challenged me with the information about the crescent moon. My test was which calendar would I keep now, having been taught this proper understanding. That test was Passover 2005 when the two calendars were 30 days apart. I kept both, just to be sure.

Then, that very same week, during the week of Unleavened Bread, Yehovah revealed to me the Sabbatical and Jubilee years through Qedesh La Yahweh Press and then He showed me the curses for not keeping them.

I asked Him to show me if what I was seeing was, in fact, true. I did not immediately hear His answer, so I began to ask others and some told me I had to begin to teach this.

My first public teaching on this took place at Sukkot in 2005. Others told me to go away and not to speak of this anymore. But I continued to warn people what I had learned and I still had not heard from Yehovah if, in fact, I had this understanding correct.

Over and over, in His word, Yehovah would show me more and more proofs that confirmed what I was seeing. Overwhelming proofs that confirmed He was about to punish Israel, all 12 tribes, for breaking the covenant of Mount Sinai. I could not prove them wrong and no one I

spoke with could prove them wrong either. They actually seemed to confirm that I was, in fact, correct in what I was saying.

For the last 10 years, from 2005 until 2015, I have warned as many of the people of Israel as I could with little to no help in doing so. I had no idea how to do it; but things happened and doors opened and this subject is now known and accepted or rejected throughout most of the 12 tribes of Israel.

We know that 10 is the number of completeness. The parable about the invitation to the wedding in Matthew 22, Yeshua warns Israel that they will be judged for not accepting the invitation to the wedding. I now see these past 10 years as that time; the time that Israel was invited to the wedding and to be putting on righteous clothes. They can do this by keeping the Sabbath and Holy Days at the right time and the Sabbatical year, also, at the right time. The next curse, the curse of the war cycle, is the punishment they are told they will receive for not obeying.

This then brings us to our present time in 2016.

We just lost our voice on the radio stations, which we had hoped to develop into something much larger. I had to learn some hard lessons once again. Yehovah has given me a recess, a moment to rest and re-think what we are doing and where we are to put our efforts. A few have offered to help. I did not consider what we are to do alone. I consulted with two trusted brothers who are not afraid to put me in my place.

When I look at the future chronology I see that we now have 8 years to teach the rest of the world about the Sabbatical year coming in 2023 and again 10 years to warn them of the coming age of the Two Witnesses in 2026. All of this must be done during a time when Israel, where most of us do currently reside, will be under attack and our nations are being destroyed.

I have also noticed that Daniel, who was given the revelation of the 70 weeks, had to wait 21 days for the angel to arrive to reveal to him what it meant. 21 years from 2005, when I began this message, takes us, again, to the fall Feasts in 2026. That is 21 years after I asked Yehovah for confirmation of this message.

The fall Feasts are when the Two Witnesses are to begin their work in the year 2026 for a period of 3 ½ years. Who they are, I am not 100% sure; but at least one of them will know and understand the Sabbatical and Jubilee cycles. It could be any one of you learning these truths now.

After the death of Yeshua in April of 31 C.E. we read in the Talmud of the doors of the temple opening up each night of their own accord for 40 years. The priest knew it was a warning of the coming destruction. We also read in Ezekiel of the Shekinah going to the door of the Temple and then out of the Holy area around Jerusalem to the Mount of Olives. The same way Yeshua went from the Temple to the Mount of Olives where He was killed.

This work of the Sabbatical and Jubilee teachings and warnings has gone on in Israel, in The Temple of Yehovah, for we are the Temple of Yehovah, and the majority of that temple have rejected it over these past 10 years; again, 10 being the sign of completeness.

As we are about to enter this Sabbatical year of 2016, it is as if the doors of the Ark are going to be closed for Israel, and yet we know at the same time they can still repent during the terrible times that are coming and Yehovah will protect them as Leviticus 26 tells us.

During the next 10 years, up until 2026 and perhaps even up until 2030, sightedmoon.com has purposed the following in order to share this message with the rest of Asia and Russia and Africa. These ideas are not listed in the priority with which we feel they are to be done. But in all we are going to do, we want to lift up Yehovah's name.

Psa 34:3 O magnify Yehovah with me, and let us exalt His name together.

- Yehovah-Yireh: My Provider and my vision.

Genesis 22:14

- Yehovah-Rophe: My healer.

Exodus 15:26.

1) We believe we have the people; doctors and nurses, who we can set up at a clinic in Jerusalem, curing people from cancer and many other deadly diseases using the information and understandings we already currently have. More and more General Practitioners are writing and learning to obey Yehovah.

By setting them up in Jerusalem, we could provide an income for this work and a headquarters for that part which needs to be in Israel in the last days. The rest of the world will still need healing while, at the same time, Israel, the 12 tribes, are being destroyed. The Beast Empire of Europe and the nations of Asia and Russia could come and be healed of their deadly diseases at this specialty clinic we would like to set up.

The details of what we have planned for this can be explained more once we have those people and the clinic locations secured. But this is going to be an investment that, once operational, will produce some handsome returns. The last time I mentioned this in the News Letter we did not hear back from anyone interested in helping to get this going. We are asking again if there is anyone interested in working on this project and helping to make it come to fruition.

2) Our vineyard will begin to be harvested in 2018. You have watched us work this plan and witnessed each step of the way as we put that plan to work. It is our desire to achieve these other goals and investments in the same manner. I say this to show we have a valid track record, as you can see with your own eyes. We have worked hard to set this vineyard up. We have also worked hard to produce the videos and books in order for you and others to understand the Sabbatical and Jubilee years and the prophecies they reveal. We are now

already in the process of editing the 2016 book and updating it with a few more chapters about the tombstones and the destruction of the Temple and the stock market cycles as these relate to the Sabbatical years. We are also studying radio frequencies and how they work. We can now turn water into fire by this understanding and there is so much more to learn about each letter of the Aleph Tav. Using radio frequency we can create electricity from thin air. Each letter in Hebrew has a frequency. Each colour, and the clothes you wear, have frequencies. Even the earth. Music notes have a specific frequency, which was changed in the 1800s. The Aleph Tav each have their own frequency. All of these things are part of our current studies and research.

Another subject we are studying into is the collection of water when there is no rain. How do you go with enough to water plants and drink and bathe? The 2 witnesses say no rain will fall for 3 1/2 years. So we need to prepare for this time when 1.75 billion people will die from the famine and drought, which is just 10 years from now. We have some work on this completed with more to be done.

I am showing you how those things you have invested in over the past 10 years have turned out and what or where we are aiming to do more research. Yes, we have had some setbacks along the way. But we continue to move forward sharing this message to all we can and we continue to need your support in all of our efforts for the next 10 years as we prepare for what Torah tells us is coming. We need more help in our research areas.

3) The Executives of sightedmoon.com feel it is imperative that we begin to set up our teachings so they can be taught in a university format. The School of Prophets, the Yehshiva, is to train up people to go out and teach this message across Asia. We feel we already have the basic information and work done. We need people to teach in the various countries and languages yet to be reached. We need to refine some of our teachings so these new people can understand.

By 2030, China's total Christian population, including Catholics, would exceed 247 million, placing it above Mexico, Brazil and the United States as the largest Christian congregation in the world. The top fastest growing Christian countries in the world are all found in Asia, not the Anglo Saxon nations. We feel strongly that we need to get in there now with the message of Truth before the wolves ravage them with false doctrines and they then become beyond correction/unteachable.

We have a short list of those we would like to have teach, but more can be added.

In this regard, we will need translators for each and every country.

The Sabbatical and Jubilee teachings need to be broken down into smaller digestible lessons. The Paleo Hebrew will also need to be re-worked and broken down even more. Torah portions for the Sabbatical cycle need to be done and taught. We believe for Asia, India and Africa the best method is through podcast. We will need people to help read the podcast and prepare them and teach them. There is a lot of work in this one area alone.

4) Sightedmoon.com is in desperate need of a Social Media director. An SEO who not only knows how to drive traffic to our articles on all social medium, but will actually do this work with a team of people. This is not just for one month or two, but for the next 10 years and again, it is to reach all of Asia and those nations with internet still working once the fighting begins. I am looking for a team leader and others to help in this effort to bring our message to the many on all the various social mediums out there.

5) Sightedmoon.com is also in need of people who are tech-savvy. They must have a great understanding of one or all of Word Press, Podcasting, Apple Video editing, (Final Cut Pro) also, the building of apps for ,sightedmoon (android and iPhone) and to help build other websites in other nations as we go forward. You must be able to work with our guidance and under our leadership. In other words take direction as well as take the lead.

6) We are also going to need more people to help do many things: editing of older Newsletters and updating them to the new sites as well as help in many ways.

We would like to encourage stock investments in Asia and Europe during the coming crisis so if you are a stock expert in Asia we would like to hear from you.

We need doctors that are willing to cycle in and out of Jerusalem and those countries where we can set up clinics. We once again want to host radio shows and would be interested in cohosts. As you are seeing we are wanting to an all-out full court press during the remaining years of this age to reach as many as we can by any and all means that we have available. If I have to do this alone as I have for the past 10 years, then we will not reach the masses that we are aiming to reach. I cannot do this alone anymore.

7) We are also going to need a self-contained mobile Sea Can with a video-producing facility and radio broadcasting ability, as well as shortwave radio and internet connectivity in order to share our message from various places and not be shut down due to hostile hackers or electricity not being available .

8) Sightedmoon.com has inquired in the Philippines about setting up a charitable foundation or becoming a charitable organization operating out of the Philippines. This does not preclude us from setting up in other nations as well; but right now we do have connections there who can help us move forward in this area. This also means we will need accountants and office people to watch over the whole operations. Yes, this means we want to organize into a larger ministry to do a larger end time work.

We need your prayers, and we need those with the skills to step up and do the tasks we have described and more. We need you to help us do this work over the next 10 years. We are going to need your financial help in all of this. We need to know we are backed by those who believe in this message and have the desire to get it out there.

In closing, let me say this:

We began this work 10 years ago in 2005 with just a message and no knowledge of how to explain it or how on earth we would get this understanding to those Yehovah was calling. We felt then we had a lot of time to get things done. Time has flown by and we have barely reached the many in Israel we should have reached. We have now taken that message to the Ten Tribes of Israel. It is now time to take this message of the Sabbatical and Jubilee Cycles, as well as the Prophecies they reveal, to the Gentile nations and invite them to the wedding.

Why?

To fill those seats for that wedding in Matthew 22 that Israel refused to accept.

In the movie about Schindler's list, at the end of the movie Schindler is sitting there with all those that were saved by his efforts to rescue them from the Holocaust that many of the Jews and others died from. He looked at his car and said 'if I had only sold it I could have bought 10 more people'. He looks at his ring and says 'if I had sold this I could have bought 2 more people and saved them from the concentration camps and death'.

Brethren, those things I spoke of in our first DVD in 2008 on the Prophecy Club are coming true. Those things we said in our book *The Prophecies of Abraham* are also coming true. Islam is rising up. Those things I wrote about in *The 2300 Days of Hell* and spoke about in our latest videos about the coming of Islam and what that means to our countries is also coming true. All those things that both you and I hope would not come true, are. The world seems like it is lining up for a major confrontation between the west and the Middle East. And we in the west have no clue.

I would like to hire people to do all the jobs I have described above, but we have no money to do that. I would love to do this full time, but again we have no support to do this. I am asking for volunteers to come forward and help us to get this job done. I do not know how we will do it, but I do not want to be like Schindler and wish I had of done this or that. I want to stand before Yehovah and know I have done all I could with the little I had to warn the world of the coming war and the end of this age.

Part of the reason for this letter is to also find out if I stand alone in this effort with my small team or if we have many who will work with us. That will determine what we do and how we go about it going forward. Pray for us. Step forward and let us know how you can help us do this work. Support us financially so that we can do this work.

Shalom.

May Yehovah bless you and keep you.
