There are five curses revealed in Leviticus of which it would behoove you to let me review with you. The 1st Curse is what I have aptly called the Curse of Terror. It began in 1996 and is then compounded by the curses that follow hard on its heels—including each successive curse overlapping with and compounding the one that has gone before versus being entirely distinct and separate from.

The 2nd Curse entails Severe Weather and Drought and these curses came into effect during the Sabbatical Cycle, which began in 2003. The 2nd Curse compounds the 1st Curse and is then both of these are compounded by the 3rd one.

The 3rd Curse is comprised of Epidemics and Sickness, which began in 2010.

The 4th Curse is described to us in the following Levitical passage:

23 And if you will not be reformed by Me by these things, but will still walk contrary to Me, 24 then I will walk contrary to you and will punish you seven times more for your sins. 25 And I will bring a sword on you that shall execute the vengeance of the covenant. And when you are gathered inside your cities, I will send the plague among you. And you shall be delivered into the hand of the enemy. (Leviticus 26:23)

The 4th Sabbatical Cycle is the cycle that includes the Curse of War. Notice that 2014, 2015 and 2016 are the three years that precede this 4th Curse Cycle. But there is more, so listen carefully. This is what no one is teaching you about with regard to the Blood Moons.

Again, understand that when I speak of Israel, I am talking about all 12 Tribes and not just the Tribe of Judah who are the Jews today.

It states the following in the Talmud:

Talmud Succah 29a It was taught: R. Meir said, “Whenever the luminaries are in eclipse, it is a bad omen for Israel since they are inured to blows. This may be compared to a school teacher who comes to school with a strap in his hand. Who becomes apprehensive? He who is accustomed to be daily punished.”

Our Rabbis taught, “When the sun is in eclipse it is a bad omen for idolaters; when Lavanah (Moon) is in eclipse, it is a bad omen for Israel, since Israel reckons by Lavanah (Moon) and idolaters by the sun.”

If it is in eclipse in the east, it is a bad omen for those who dwell in the east; if in the west, it is a bad omen for those who dwell in the west; if in the midst of heaven it is bad omen for the whole world.

If its face is red as blood, (it is a sign that) the sword is coming to the world; if it is like sack-cloth, the arrows of famine are coming to the world; if it resembles both, the sword and the arrows of famine are coming to the world. If the eclipse is at sunset, calamity will tarry in its coming; if at dawn, it hastens on its way: but some say the order is to be reversed.

And there is no nation which is smitten that its gods are not smitten together with it, as it is said, “And against all the gods of Egypt I will execute judgments.” But when Israel fulfills the will of the Omnipresent, they need have no fear of all these [omens] as it is said, “Thus saith the L-RD(2), ‘Learn not the way of the nations, and be not dismayed at the signs of heaven, for the nations are dismayed at them, the idolaters will be dismayed, but Israel will not be dismayed.’”

According to the Talmud quote featured above, the Blood Moons are a warning of a coming Sword and the Dark Moons are warning of a coming Famine.

And this is, at long last, the thing that no one has been teaching you.

Hiche Blood Moon hin eih dia thil hahsa ahunglhun ding vetsah na warning eihin peh jiu ahi. Hiche warning outlined hi kicheh set in LEVITICUS 26 sung akhun muthei ahiuve.

H802 אִשְׁׁשָׁה נָשִׁים ‘ishshâh nâshîym *ish-shaw*’, *naw-sheem*’

The first form is the feminine of **H376** or **H582**; the second form is an irregular plural; a *woman* (used in the same wide sense as **H582**): –[adulter]ess, each, every, female, X many, + none, one, + together, wife, woman. Often unexpressed in English.

This word ‘ishshah’ is the exact same word as H801.

H801 אִשְׁׁשָׁו ‘ishshâh *ish-shaw*’

The same as **H800**, but used in a liturgical sense; properly a *burnt offering*; but occasionally of any *sacrifice*: –(offering, sacrifice), (made) by fire.

H800 אִשְׁׁשָׁה ‘eshshâh *esh-shaw*’

Feminine of **H784**; *fire*: –fire.

The word “*Ishshaw*” H801 is also hinting at what is in store for us all; a sacrificial offering. What is that?
