Shalom Brethren,

For all those die-hard Conjunction Moon people, we encourage you to watch this video from Rabbi Chiam Richman of the Temple Mount Society and Dr. Roy Hoffman of the New Moon Society.

Listen carefully to what they say here. We are going to go back to the **ORIGINAL** method of beginning the month, as it was done before the diaspora. It is time to admit your error, repent and begin the month and the count to each Holy Day in the proper manner – before Hillel authorized the change in 356 CE. and before Rambam gave the command to change in the 11th century.

Every year, about this time, I get an earful from those people claiming the conjunction moon and the equinox is how the year is to be determined. Here is one example:

March is way too early for the beginning of months, so I do not believe the new year started with the new moon of March 2013. I believe this year ends with a 12th month not a 13th. The 13th month was last March-April (2013).

My salvation is not dependent on you. You are an Ex- Worldwide Church of God member, who still feels, possibly, that church was exclusively the Body of Messiah- and that you have a ministry that is head and shoulders above any other ministry- and that every believer must have you as their teacher and learn from you or they are lost and will perish. You are extremely arrogant. TAKE HEED, LEST YOU FALL!!!!!! 'NUFF SAID!!!!

So, when I get a chance to share something from the Temple Mount Institute telling us that the Sighted Moon method was the *original* method of beginning the month, thus confirming what we have been saying here since we began back in 2005, I am going to shout it out! I hope you all do the same with this article, sharing it with those who speak with the authority of men but not of Yehovah. Dr. Roy Hoffman is also looking at the Barley for the other commandment that the barley be ripe to begin the year. When Rabbi Richman of the Temple Institute makes a video of this, I will share that with you also – as they begin to prepare the Sanhedrin to return to the original methods of keeping time.

We have quoted Mark Twain before and do so now again: “Those who do not read are no better off than those who cannot read.” Which means you all need to prove *all things*. PROVE *THEM*, not just the position you want to prove. But prove the TRUTH, before you start sounding off at the mouth like a fool or dumbass. “NUFF SAID!!!!”
