Sighted Moon News Letter 5843-052

8th day of the Twelfth month 5843 After Creation

February 16, 2008

Shabbat Shalom Family,

Greetings to you all. With last week's News Letter we have received over 100,000 hits to the sightedmoon.com web site, since we began in July of 2006. On the official count we are over 107,000. We broke our records for daily traffic of over 600 per day.

Each week and each day I am blown away at the response to this News Letter. My IT guy can't figure out why it is doing so phenomenally well. It has nothing to do with me. It has everything to do with Yahweh. His word. His truth.

Although this is one small step for sightedmoon.com it is not nearly enough. We have to reach over 144,000, plus the two witnesses and all those who will be martyred. An innumerable multitude. If you can help by telling others to sign up or to come read, or print it off and teach it to those around you, then you are helping.

And it is only by you telling others and or sending their e-mail address in that this web site grows. I want to thank each of you, for your help in doing this. I also want to thank those who write in and let me know how this web site has helped you. It is great to read them. I also want to thank those who continue to encourage me to keep on going. They are greatly appreciated.

Here are some of the recent letters I have received.

Dear Sir, First of all thank you for your Sight and sharing of you hard earned knowledge. My husband and I will be trying to keep the proper days for God's Festivals. I have one question. If matzah is wheat does wheat have to be removed from the home or just actual leavening agents as yeast, baking soda and so forth? We have learned much from you and thank you very much! Oh! One more thing. Just in case you don't know. I always download your material so I can read off line (we have only one line coming into the house). It will download and save properly on Explorer but not on Firefox. There it is just a big blank when I bring it out of documents. Just thought you might like to know for whatever reason. Thank you once again!
Sincerely Mr. and Mrs. W.

A day or two later I received the following;

I am living in Sri Lanka, on the Southern tip off India. Edited.

We have a small synagogue type fellowship of about 30 people, who meet on the Shabbath, new moon (from now) and on the feasts. We also meet for prayer once at least every week (not all of us). I found your site because I am on Yahspace and I got your letter inviting us to

visit your site. I have downloaded the articles 1 and 2. Let me try to download 3 and let you know if I am successful. Currently I am putting together a study on the mark etc and your teaching are helping a lot. I have also learnt Hebrew and can manage to read and understand, however my vocab needs enhancing. Please pray for me and our group and families. Thank you T

The same day I got this next letter

Mr. Dumond,

Thank you for your reply. I am asking The Lord Yahweh to show me the truth. My family and I go to a home-church group on Sundays since we've left the traditional Baptist church we used to attend. I've been doing a lot of research online and especially reading my Bible looking for answers to things like tithing, the Sabbath and The Lord's name. I'm 40 years old now and realize that even though I know the Bible fairly well there's so much I don't understand and I don't want to just believe what pastors are preaching (especially on TV). My recent conversations/debates with Jehovah's witnesses has really motivated me to research why I believe what I believe.

I have shared your website with some of my co-workers, and I look forward to seeing what's going to happen here in the U.S. regarding animal attacks, etc. in the years to come. As far as the 2nd curse of heat and drought, I can personally verify that last August here in Georgia there were 20 days when the high temperature was 100 degrees or more.

That was a record! I cannot remember such a hot summer ever.

I work for an insulation company and am in attics almost daily so I remember it well. My heart grieves at my own sins and the sins of my nation and I no longer can honestly say that I'm proud to be an American. In fact, I am amazed that Yahweh hasn't blown it off the planet already.

Anyway, your research about Israel being the Anglo-Saxon nations is fascinating/alarming. I will look more into this as I have time. In the meanwhile, I have asked The LORD to show me the truth regarding the Sabbath so I'm planning on not working on Saturdays anymore and see what HE shows me.

I will check out the websites you recommended and see what I can learn.

thank you for your time and help,

A.I.

Another brother wrote in from Kenya,

It's with great joy to receive your wonderful newsletter, this is my first time to receive it; I give praise to Yahweh for that. I do agree with you that we are suffering curses from not obeying

the Torah as written in Lev 23-25 and we are in the middle of the curses of Lev 26. I will share this newsletter with my family, friends, my orphans whom I am taking care of and my church group. Also this newsletter will show me the Jubilee years and the Sabbath years. We kindly request you to assist us with more teachings so that we can have more understanding. I am very happy to hear that our safety is in jeopardy. Be praying for our church group and the orphans. For your information I am from Kenya , E. Africa . May Yahweh bless you abundantly as I hope to hear from you soon. Shalom N. S.

An hour later he again wrote and said

Shabbat Shalom and Happy New Moon Day, Family, We who are followers of Yahweh are to understand. We are not in the darkness as the rest of the world is. We were to be ready so as not to be surprised as if a thief had sneaked up on us. I do agree with you in many things I will keep studying and I hope through your assistance I, my family, the orphans whom we are taking care of, my church group and friends I will therefore reach them with this wonderful message, soon I will send to you the photos of the children, some of the staff and a place of worship, it's our prayer that one time you will come to visit us May Yahweh bless you. Shalom N. S.

Brethren I do not know how each of these people ends up on the News Letter, but once they are there and see what is being offered they are very grateful to whomever it was that added their name. Will you add your family and friends and church groups. Give them the chance to learn. Just forward me their e-mails and I will add them. If they do not like the message they just hit unsubscribe. It makes no difference to me. It is your family that are in danger.

Go to the web site and look at the map. Click on it and see how far this web site has reached. Better yet see where it has not reached. Ask yourself why it has not reached these other places? Why is it being read in Arabia, Dubai, Iran, parts of Pakistan where Osama ben Laden is believed to be? Look at Greenland and Northern Canada. Africa and Asia. Look at those little dots in the middle of an ocean. Guam New Caledonia Islands, Seychelles and Maritius Islands. Look at Korea and Japan, Northern Europe. Look at how far and wide this message that is being proclaimed on this web site is going. All by word of mouth, and search engines.

I would love to be able to go these brethren all over the world and share this message of the Jubilee. But at this moment, it is not feasible.

When I asked one lady why she kept coming back to the web site, her answer was very succinct and to the point. Because you teach the truth. She said. The truth. Pilot once asked what that was. Many claim to do so. But only when you compare it to the scriptures will you be able to see if is actually the truth or not. So always be reading your bibles.

I have just received a letter from Hungary from a lady there who knows she wants to read what is on this site. She cannot speak any English. Only Hungarian. But she keeps getting the News Letter. Who is going to help her to understand about the Jubilee message?

Brethren there is no copy right on any of my writings. You just got to copy it right. The things I say are from the scriptures. That's why people like what I say. They can read it in the scriptures. Yahshua said, MY sheep will hear my voice and recognize it.

I am more than willing to set up the Sightedmoon.com web site so that each language can be found there. I do not have anyone who is willing to translate those articles into another language, and post it on this web site. What gifts has Yahweh given you?

Another letter just arrived telling us about how some in the christian mainline churches are beginning to see what the bible actually does say. They are actually reading it. Remember in the last days Yahweh's spirit will be poured out on all flesh. ALL FLESH. As that happens, it is easier to share with them the truth. Help to share Yahweh's truth. Pass this message along to others. Sign them up.

With this week's News Letter we are now drawing the conclusions together from all the information that has been put forth over the past month. It gives me Goosebumps each time I read this over. I hope it also shakes you up. It is only after knowing who the players are from the past that we can understand what prophecy is trying to tell us for the future. Sometimes I feel prophecy is just history being repeated.

This week we will explain the Hammer of Thor which breaks in pieces the whole earth.

May Yahweh bless your understanding in these things. And may he bless your gifts that He has given you to use for His names sake.

Shalom,
Joseph F Dumond

Sighted Moon News Letter 5843-052

8th day of the Twelfth Month 5843 years after creation

February 16, 2008

Shabbat Shalom Brethren,

Recapping once again we have learned that the King of the South is Egypt, Libya and Ethiopia. They began with and came out of Nimrod's government at that time. We next learned that the King of the North also started with and came out from Nimrod's government.

We then followed the King of the North as he changed governments and ended up in Europe. This we did by reading Daniel and history as told to us by an Angel. We then looked at the

woman that rides the beast, and learned she was a religious organization. At this time we also learned that the beast was in fact a wild bull which represented the government and again was traced back to Nimrod.

We then began to examine the fourth empire and or the fourth beast in detail through history. We also showed you the dominant group of people in this empire and showed you how this people, the German nation was indeed related to the Assyrian nation.

In our last couple of News letters we have showed you that the King of the North is going to be a revived Roman Empire. We showed you also that the dominant force in this King of the North since the beginning has been Assyria. And we showed you that the Assyria of old was and is today called Germany.

One of the most well-known symbols of Germany in modern times is the swastika. Another is the iron cross and also the double headed eagle. If what I am saying is true, and I know it is, then it should not surprise you to learn that these symbols are not new, but have been part of German heritage right from the beginning. Right from Assyria when Nimrod was the King.

We shall cover these symbols in this News Letter. We shall also look at something that many do not. The Breaking in pieces. And at long last we shall look at the scripture that led to this long study. Daniel 11:38. This could only be done having come to an understanding of these past News Letters. The conclusions of this News Letter should be very exciting as we now look to the nightly news.

We begin with the Ancient Tribe of Chatti.

The name Chatti, or Hatti as it sometimes reads, in Hebrew means to break down by violence or confusion; to abolish, make afraid, scare or terrify. Chatti is a derivative of the Hebrew word for Hittite, Chittiy, mentioned numerous times in the Bible. The Canaanite Hittites, a fierce people who continually clashed with the Israelites in biblical accounts, were known by this name. They were descendants of Ham; those of a darker-colored skin.

Yet there was another people, with much lighter skin, who were also known by this name, Chatti or Hatti: the Assyrians! Historians recognize that there were two distinct peoples which went by the name of Chatti, or Hittite, as it reads in the Bible

Hatti means "men of War" as does Car-men which became German. In Hebrew, the closest derivation is Chathath, which is equal to terrorize, break down, as in war, hence a warrior or man of war.

Hittite is Strong's # 2850 Original Word yttx from (02845) Transliterated Word Chittiy Phonetic Spelling khit-tee' Definition Hittite = "descendant of Heth"
the nation descended from Heth, the 2nd son of Canaan; once inhabitants of central Anatolia (modern Turkey), later in north Lebanon

Now when we go to #2845 we get the following;

Strong's Number: 02845 Original Word tx from (02865) Transliterated Word Cheth Phonetic Spelling khayth Definition Heth = "terror" a son of Canaan and the progenitor of the Hittites

So a Hittite is a son of Heth. And Heth is equal to terror Or TX. But we have also learned that the Hittites were also of the lighter skin variety, and also dwelt in Turkey.

Let's now look at #2865

Strong's Number: 02865 Original Word a primitive root ttx Transliterated Word Chathath Phonetic Spelling khaw-thath' Definition
