Shabbat Shalom Brethren

Dear Brethren last week I asked you all to pray for a very special event to take place in favor of The Prophecies of Abraham. I have had to keep this a secret for a very long time. It is now time to share these things.

All The Glory belongs to Yehovah. It is His revealing and His will that we know the Sabbatical and Jubilee teachings at this time. It is all to His Glory and any boasting I am about to do is only because He has revealed it. Keep in mind I graduated High School with an English mark average of 51% and they gave that to me because they did not want to see me back again; So all the Glory belongs to Yehovah and no one else.

The DVD first came out in March of 2008. I had been speaking and writing about it since August 2005. I then began a series of News Letters in 2009 that would lead to the publishing of The Prophecies of Abraham in Feb 2010. So now let me share with you those things I have kept secret.

Apologies for taking some time, I did not want to rush through it. Please find attached the Endorsement as requested.

**Dear Joseph,**

Re: Endorsement: "The Prophecies of Abraham"

Herewith please find the endorsement as requested by you for the abovementioned book.

"If your future has always baffled you, this book is the key to unlock its mysteries. In my 15 years as an Eschatology and Hebraic Roots teacher, I've never run across a book that made such an impact on me; I'm recommending this book to every student of mine who has been passionate with holy-living and end-time events; If I knew then what I know now about YHWH's Jubilee years, I'd rather become a Sabbatical/Jubilee Researcher explaining YHWH's appointed judgments on an ignorant world not adhering to His instructions about His Appointed Times."

Thank you for your wisdom and sound teaching of this book. The video is well presented and to the point. It refutes any teaching attempting to prove that the Old Covenant and its principles are not in tack anymore.

Shalom

Prof WA Liebenberg

Well done my friend, your material which you worked so hard on will now be ordered by every person globally enrolling from Diploma upwards. Your material is now University Prescribed Material, that does not happen every day!

Thanks a mill Joseph, and once again congratulations.

**Dear Joseph,**

My friend if YHWH can use a donkey and me then surely He can use u as well. We are all simple people. Let me tell you something, Y'shua selected only the humble simple man to become part of His team – tax collectors, fishermen, etc. Why will He not select you Joseph? He does not need the high and mighty professors and Doctors who think they are clever to carry out His work. He need you, and selected you out of 6,5 billion people in a moment in time. He trusted you and birthed His ministry in you to execute it painstakingly.

You are a stunning presenter – I watched your DVD – and you are doing a tremendous work for YHWH. To be honest with you, your work is Doctorate level research quality. You have proven something no man has proven before! Joseph you must complete your Bachelor as soon as possible so that you can roll into your Masters.

Enjoy your visit in Jerusalem.

With Shalom in Y'shua haMashiach I greet you (see further below what this greeting entails)

**To the Nobel Committee,**

**Re. Nomination of Joseph F Dumond for a Nobel Humanitarian Prize**

Since 1901, the Nobel Prize has been awarded to men and women from all corners of the globe for outstanding achievements in physics, chemistry, physiology or medicine, literature, and for work in peace. The Norwegian Nobel Committee defines humanitarian efforts as an essential part of promoting “fraternity among nations”.

To my understanding the committee focused on a basic aspect of the word “humanitarian”: helping to improve the lives of mankind and reduce suffering. Repeatedly, it has chosen human symbols, people who through their good deeds can serve as examples for contemporary and future generations. According to the Committee, these “champions of brotherly love” or “self-sacrificing” men and women served the cause of peace by holding out a helping hand to victims of armed conflicts, etc. Men and women who wish to heal the wounds of war or to prevent a sure future catastrophic event, is in itself an important factor in the deliberations.

The Committee strongly stressed that we all have a global responsibility and that the proud tradition of humanitarianism must also be put on the agenda of world politics. Therefore I would like to nominate Mr. Joseph F Dumond from Canada as a Laureate for the humanitarian prize, who, in my mind, has done a tremendous effort to prevent a sure approaching catastrophic event.

Would you please be so kind to forward me the guidelines and procedure to nominate an individual. Thanking you kindly for your quick response.

Yours Sincerely

**Greetings to the Swedish Academy,**

The Hebraic Roots Teaching Institute of South Africa has asked to have The Prophecies of Abraham added to your list of literature for nomination for the Nobel Prize in literature.

The Prophecies of Abraham was published in March of 2010 and it has solved the question of when Sabbatical and Jubilee years are and what it means for us today. Joseph F Dumond the author of The Prophecies of Abraham has an international audience to whom he writes each week in which he explains the Sabbatical years and how they repeatedly show us throughout history when diseases come at the same time during each Sabbatical and Jubilee cycle. He also shows how major disasters come at the same repeated Sabbatical cycle throughout history. You can read what other people have been saying about this most remarkable book at [https://sightedmoon.com/sightedmoon\\_2015/?page\\_id=604](https://sightedmoon.com/sightedmoon_2015/?page_id=604)

On your web page [http://nobelprize.org/nobel\\_prizes/literature/articles/sture/index.html](http://nobelprize.org/nobel_prizes/literature/articles/sture/index.html) it is stated;

What Strindberg is referring to is the fact that Alfred Nobel had stipulated in his will in 1895 that the Nobel prize for literature should be awarded to the person who had produced “the most outstanding work in an ideal direction”.

With this in mind Joseph F Dumond has produced this year’s most outstanding work having proven beyond all doubt when the Sabbatical and Jubilee Years are. He also shows when the curses associated with these years are expected to come and what it means to us today. We strongly feel that this book must be seriously considered for this year’s Nobel Prize.

Sincerely

Prof WA Liebenberg

All of this I have kept under my hat and not said a word as these things had to be done in secret. Today the awards were announced for the Nobel prize in Literature.

Press Release

The Nobel Prize in Literature 2011

Tomas Tranströmer

The Nobel Prize in Literature for 2011 is awarded to the Swedish poet Tomas Tranströmer

The Prophecies of Abraham did not win. But it was nominated; which is unbelievable in itself. I have shared this with you all so that this Feast you might tell others to read this book or watch the DVD and to give Glory to Yehovah for the mighty things He is doing in all our lives in these last days.

All the Glory is Yehovah's and His alone. I am the same as each of you are, just so privileged to be allowed to come along for the ride. Not one of us chose to do this. Each of us was drafted by Yehovah and we all came kicking and screaming. Now that we are here we are so thankful He did not let us go.
