Shabbat Shalom Brethren,

We have come back from Tex-Arabia last weekend having shared the Sabbatical and Jubilee years teaching and The Prophecies of Abraham and the 70 Shabua and the Prophecies in the Law of Niddah.

Oops, did I say Arabia out loud. I meant Texas. But I was so shocked as I flew into Abilene from Dallas looking out my window. I could see the lakes and how much they had shrunk from the drought. I was about 1 mile up in the air and the shore lines were extensive.

I could not believe my eyes as I saw where one lake had dried up and the shore line there was red. I was sure I was imagining that. And then as I flew over Abilene, the lake to the north of the city and another to the south if I have my bearings right was reddish. I must have imagined it also. So, I asked my host to take me out to the lake and to look at it up close. It did have a rusty color to it and the beach was white sand not red clay.

Also, when I flew in I could see countless rivers that had dried up. And then as we came lower as we approached our landing, I looked earnestly for all the cattle of Texas. I could not see any but a few dozen at most.

My host also drove me around to look for cattle. We could only find some where water was being pumped in to water them. And these looked healthy. But the few places we did find cattle and the ponds were now dried up, the cattle looked very lean to sickly.

The Great State of Texas has been and is being humbled.

But just like the proverbial frog that is in the pot of water, most Texans have no idea what is going on and why this is happening to them. They just hope that tomorrow will be better and so they stay in the pot as it gets hotter and hotter no realizing they are about to die.

My host also drove me to see something I had forgotten all about until I saw it. It was the cult of Ysrayl Hawkins who claims to be one of the two witnesses. His brother was the other one of the two witnesses. Only problem is his brother died a few years back.

As I drove around this huge complex and witnessed the poverty of those who live in trailers or shacks, I also saw the homes of the elders who had watch towers built on them which were very prominent, and I could not stop thinking of another Waco in the making, which was not that far from here. The people of Waco by the way also kept the Sabbath.

You can read this report which shows how Ysrayl has lied to those who follow him and how he has turned his lust of the flesh into the polygamist sect he now runs.

<http://jesusmessiah.com/apologetics/cults/yisrayl-hawkins.html>

Seeing this cult disgusted me knowing that they looked just like many of us in our beliefs accept they did not walk the walk. One man was living with the wife of another man who had told her to leave. And they justified this relationship because they were Torah obedient. But having a sexual relationship with another man's wife is not kosher. It is actually disobedient. Others who did not obey the divine leader were burned out of their shanty and forced to leave the 10-foot-high fenced in land. Others die mysteriously and are buried without autopsy nor reported to authorities as they do not believe in Government authority. They themselves are the authority.

I was sickened to learn of all this. And then to know they kept the Sabbath, and used the sacred name, and kept the Holy Days. I almost wanted to leave and not share the Sabbatical years with them in case any of them came to the meeting and they also began to do the Sabbatical years as well.

But there were others in Texas who drove 5 hours to be there. Some drove 7 hours to hear what I had to say. And one couple drove all the way from Dakota, 15 hours away one way, so they could learn about Yehovah's Sabbatical years. For these people, for these with a huge heart to learn His truths I am motivated to do more. But for those who pretend to be obedient and abuse their wives, into mindless submissive robots, I have nothing good to say about you.

A couple of the women at our meeting, could not look me in the eye. They could not talk to me for fear they would be seen talking to a man. They wanted to learn but this abuse of the scriptures by their husbands had them so confused about many things.

Please do not misunderstand me not everyone in Texas was like this, but there were some men there like this and they had the gall to try and discredit me for various reasons using the 613 laws, having not heard anything I had said, being blinded by their own self-righteousness.

But for the rest of the roughly 50 people who came they were overwhelmed with the truths they now knew about. And it is for them that I was thrilled to come and share these truths to.

I spoke from 10 Am until about 6:30 PM with a one-hour lunch break in between. We had over 150 people watch us live and they were able to see all three presentations. We just were not able to record the second one as I said.

Some of those listening live, commented as they were listening and here are some of the comments.

- “fascinating stuff. I’m learning a lot”
- He makes it sound so easy and fit so perfectly. I can’t keep it straight in my brain.
- bookmarking BBC news he says he’s not a prophet, but he is otherwise he wouldn’t have the understanding of the pattern
- I haven’t even gotten all the FEASTS down yet. I’m way behind you guys.
- The Feasts are a piece of cake compared to this.
- A Prophet does no more than direct people back to the Truth’s found in Torah... so....I think the hardest part is counting out the years to prove what time it is... the rest, to me is a little easier to grasp...
- You truly never know you’ve been asleep till you wake up.
- His newsletters always floored me due to length. But now I understand why- so much to say!
- This was really great of them to broadcast this for free, and to spend all day on it. I had a friend come over and we blasted it on the big screen. Great information, truly.
- You did a fantastic job Lora and Joseph.
- I saw the morning session. Pretty incredible. Looking forward to seeing the other two later.
- They were all excellent. The third one dealt a lot with Niddah and Daniel’s timeline, Revelation, geo-political events as related to prophecy, etc. Very exciting. You’ll really like the other 2 when they become available. Hope it will be soon because I would like to see the third part again

After the meeting I was informed of some things and I am now speaking out about them.

I am speaking out against a small minority who tried to discredit what I had to say; they came late and heard nothing of what I had taught all day. There were others who were going to come, but they sat in a bar Friday night as their Sabbath custom was, and they got drunk. Then as they came to the meeting on Shabbat their vehicle broke down preventing them from coming at all.

Yehovah is not mocked, nor is he fooled by the way you live the rest of the week. If your reading this and this is describing the things you do, then you need to repent of your evil habits right away. It can be done. I have done it. And I know what the signs are and what the consequences will be. Just because you think you say the name right does not mean you have a rabbit’s foot that is going to get you into the kingdom. You do not want Yehshua to say to you be gone I never knew you. It is now time to shape up. The sword that is coming in just 8 years’ time, will take those who do not repent. So, change your evil ways now!!!

One of the highlights of the weekend for me was teaching a young lady the many things I knew about Noah's Ark. It was so much fun to share and teach this great subject to a select few before we began our teachings of the Sabbatical years.

They say that happens is Vegas stays in Vegas, but not for me. IN order to return home to Toronto, I had to fly to sin city. For the lady sitting next to me this was an oxymoron and funny. In our conversation she learned why I was in Abilene that weekend. She on the other hand was going to the tech convention in Las Vegas as were most of those on the plane that morning.

This lady also attended Chuck Swindell's Plano Texas Church meetings. As she asked me questions I became more awake. I just wanted to sleep. So, for the next two hours I explained to this lady where Israel went and what their names became as they traveled after the captivity. She was amazed and found this awesome. Something Mr. Swindell had never taught. I also taught this lady why all these calamities had hit Texas showing her exactly what her bible says would happen for not keeping the Sabbatical years. Again, she said this was a subject she had wondered about but had never had it explained to her. She was excited to have learned this. And thrilled to be sitting with me this morning.

For me this was great to again to be able to share what I had come to learn. A divine appointment. Now she can go and learn some more. She has said she will search my web site and study more.

I am so pleased to have been able to begin sharing this in Texas. The things I showed on the PowerPoint, I was able to see firsthand on the ground in Texas.

We will get a good teaching on line for you with the PowerPoints. So please pray about this and also consider helping us to share this message by donating to the cost of Airfare. We are not making a fortune doing this. As you can see we do need a microphone system. So please do consider donating to help us go forward and share this with brethren everywhere.

As you can see we are trying to make this available to everyone for free. We want you to have this understanding. But there are costs involved in travel and hotels and banquet rooms in order to share this with people. So please do help.

Last week we spoke in Sarnia to a small group and we explained in great detail the covenant of Daniel 9:27. Everyone there got it. They could see it clearly and understood just how deceitful this thing is and just how huge it is and how big a fight is in front of us.

Dear Joe,

Thank you for opening our minds into what is absolutely going on around us, and how the elite from these different organizations are trying to run the world. It is very sad that the general population is so in the dark and they are going to be the victims of their dominance over the world. You did present an excellent presentation and an enlightenment for all present. Thank you again. May Jehovah Bless you as you present these teachings to others.

Dear Joe,

Thank you for revealing the "Truth" once again. How big the enemy has gotten! How intertwined he has gotten into the hearts and minds of people in high places. How he has changed, not only our social base of morality, as though that weren't enough, but now he's into our environment!

Now under the guise of...not the Ten Commandments of honouring your True God and loving your neighbour as yourself, but the Commandments of Honouring "Gaia", good ol' Mother Earth!

This is such a forceful item, to get our property rights, eating rights, agricultural rights, how to live rights, etc. etc. And for what? The big "C" word...."CONTROL"!

It will only be a matter of time before "we all get it" Joe. How wonderful that you are giving us the "heads up". This is a very strong teaching, to remind us of our repentance to our Jehovah, who loves us like crazy and wants us to get it "right".

Do His Commandments...the Sabbath, the Feasts, the Sabbatical Years, the Jubilee Years, is this too much to ask?

2300 DAYS OF HELL. The two witnesses, Josephs 7 years of plenty and 7 YEARS OF FAMINE... For a long time, I stalled at reading this book because I was intimidated by the title.... I know bad times are coming. . . I know we have brought Judgement upon ourselves by disobedience, but I did not want to read the gruesome details. But I finally plucked up the courage . . . and now want to encourage EVERYONE I know to read this informative, fascinating authoritative account of who we are... why we are where we are.... how we got to where we are.... both in the physical sense – who are the Anglo Saxons? Where did they come from and where did they go to? Who are the Huns, Goths, the Visigoths? Where did they come

from? where are they going? and in the Spiritual sense. . . . What is prophesied in Scripture for all these people?. . . . READ THIS BOOK to find the answers to these and dozens more fascinating questions you haven't even thought of.

From my Dearest Friend in South Africa

Dear Mr. Dumond,

I just wanted to drop you a note to say how blessed I am by your teachings. I don't remember how I found you on the internet, but I believe that Yah brought me to your website supernaturally . I have ordered all your books and watched your video teachings. I also listen to your show on OCMR. I have no doubt in my mind that Yehovah has given you this knowledge and gift to understand his calendar and the end times we are living in.

I too came from a catholic background and did all the sacraments of the church. I started questioning their traditions and after many years started attending Cavalry Church and from there to Word of Life, both evangelical churches. All that time I was really never convinced I was being taught the truth. Something was just not right in my spirit. I found Jim Staley's PFT church through the World Net Daily website and after listening to his "Identity Crisis" I was hooked to looking into Torah and the tribes. I've read most of Steven Collins books on the tribes.

Shortly afterward I came upon your website and was blown away by your teaching and how you have broken it down by explaining the meaning and importance of observing the feast days and sabbatical years. I too am preparing for sabbatical 2016. My husband and daughter and all the rest of my family are not aboard this belief, so I can emphasize with you on how you are feeling in that aspect. They respect my belief but have not been called to this understanding which is why I am so grateful to have sighted moon and outcry to go to and get fed as well as scripture to back it up. You have motivated me to search in other books as well that you recommend. There are torah churches in this state, but they are all on Judah's calendar. I try to talk to my family and friends about what I have learned but just encounter deaf ears and closed eyes. I pray for them as well.

I also wanted to let you know I am Filipina but born and raised in the US. I have never been to the Philippines but know I have family there. When you went to the PI and shared the videos and how hungry they were to learn I was so touched by that. So proud my home country is awakening and opening their hearts to Torah. I did a DNA test recently and found out I do have European Jewish and Iberia traces in my ancestry. I was stunned to see the European Jewish in my results not so much Iberia as I know I have Spanish blood.

Thank you so very much for all your hard work and efforts to bring people to the truth of Torah. I too will do my part and not be silent as many lives are at stake.

Shalom!

Joseph: Like everyone else, the popular Messianic teachers have brought me a long way. Like most, I have chewed everything finely and spit out the bones. I am like you, very disappointed that my teachers, Rico, Eddy, Monte and many others will not study and learn. I am in full agreement with you, not because you said it, but because you researched so intensely and gave me bread to eat. I have eaten it and am filled. If Happiness in Hebrew is a full stomach, I am indeed happy. What you present is not easy, It took me 3 months to digest the Prophecies of Abraham, but once I did, it became my testimony, not yours. I am not converted to you Brother, but to the truth, in a way that only long hours of study will culminate in one's personal testimony. Not only could I not prove you wrong, I have proven you are correct in all you present. I had to study it out to make it mine, but it most certainly is.

Each week I receive emails and letters from people who have walked this walk for a long time. But it never ceases to amaze me when new people write in and the understanding switch has been turned on. Reschelle is one of those new and this coming year will be her first full year at keeping all the Holy Days and the Sabbatical year. Please join me in praying for her and all the other new people who will be keeping their first Passover, their first Days of Unleavened Bread, their first wave sheaf day, their first Sabbatical year, and counting of the Omer for the first time. Yehovah bless them for obeying His calling.

Dear Joe and Crew, Thank you. Thank you.

I was getting the Plain Truth for approximately 7 years, then I requested the Bible
Correspondence Course. This was in 1985. So, when the paperwork was laid out on my
kitchen table and I opened the only Bible I had at that time- the Revised Standard
Edition. The words literally jumped off the page while reading His word. What a miracle. I
cried my eyes out. I wanted to know the truth and learn. Yes, we have all been taught a
pack of lies. I was a babe and still want to learn. Satan doesn't want the world to know
the truth, otherwise you wouldn't get attacked. May God our Father give you all strength
and protection to do the work He wants you to do.

The ending of the radio program saddens me also.

Joe you ask questions about God's word to make people **THINK**. That's what teachers
do, even when we all were young and at school. Excuse my scribble, but I just had to say
my piece, (view) We live in distressing times.

Your Sis in Christ Phyllis.

I have been sent this note from MICHAEL D BEITER JR who has been reading and
studying and teaching from our books in the Federal prison system in the USA. He wrote me
to say,

On my 4th round of "2300 days..."!!!! Man, O man you must have had many brain freezes writing
this book. Soooooooooooooo deep!

I just found your teachings and listening. It is an answer to my prayer that Yah show me any hidden sin! The Sabbatical year was a hidden sin till now. I , like many keep Sabbath and Feast days but the missing part was shown me in your very detailed video of the Blood moons! My Spirit has been vibrating within since I started watching and receiving these truths! May Yah bless you for not compromising and being a teacher of His truth WITH evidence!

Wendy Mixell

I want to watch your videos, yet it seems that they build upon each other. What would be the best order in which to watch them, so as to get the information presented in them in the most coherent fashion? I have been teaching the Torah for the past 8 years, and I feel the same urgency that you do to get the message out. I have ordered all your books, in e-book form and in print, and hope to begin to incorporate your findings in my blog – but as you say, I will test everything also. This is the same message I give my readers, not to trust me, but trust the word of Yah – to take all I say back to His word. It is refreshing to hear another teacher speak the same way I feel – that what I learn today may change as Yah reveals truth to me – I am teachable and correctable – as I believe we all must be – for we only know in part, yet each of us have a piece of the puzzle, and it is in the connecting of the dots that I get excited by what Yahveh shows me. Thank you for all you do, and may His Great Name be exalted, and may He continue to give you the passion that I see so evident in your videos – a man with a heart for Yah and Yeshua.

Be blessed and may His shalom be upon you,

David Robinson

Hello Mr. Dumond

I just had to write this morning about a very disturbing event I notice during the Sabbath yesterday. My home town had its first Gay Pride parade! Not only that but now the rainbow flag flies next to the areas town flag. The United Church's (excuse term) pastor is gay here in Truro, Nova Scotia so he has organized the gay community . I never could have guessed the number of gay people in my home area. Very disturbing

It saddens me to see my community come to this. Makes me want to flee to somewhere less accepting of such behaviour. I never felt so scared for anyone as I do for those involved in desecrating a Sabbath with such abominations to God as what I am witnessing take place yesterday. The covenant made with many (UN.) has really done a number on the values of the western nations. I have a difficult time understanding how transgender and gay rights falls to them other than knowing this world is truly ruled by Satan.

When small towns tolerate such behaviour where can one hide from such? Of course God is the escape. With so many sick and deceived minds out here I understand why only a tithe live to the end.

It helped me a little writing this email to get my feelings out. I know whenever I voice my opinions I get attacked for being bigot or that I am too legalistic about my religious ideas. The newsletter has been a highlight of the Sabbath since I subscribed on a more positive note to end with.

May God continue to bless your ministries message.

God be with you all.

I am very pleased to report the 2 books sent to me arrived a day and a half ago. Already well into " Remembering Sabbatical years 2016..." . So far everything makes perfect sense to me. Keeping the correct timing of Holy Days has to be important to God.

I am so very happy to be learning again. It feels like such a long time ago since God has served up such a spiritual feast of meat to glean from.

I intend to send offerings very shortly that will eventually pay for books Mr. Dumond. My deepest gratitude to you for your agape'. I have a feeling I will be making some great changes in the near future. Do you know of any groups around me that keep to your teachings? With the Internet making it possible for people to listen to same Sabbath message I wondering if there might be a link to regular Sabbath teachings?

Thanks so much for everything.

God be with you

On Goodreads I had the following review from a lady named Jan.

This book examines primarily the prophecies in Daniel 9:24-27. The author goes into great detail as to WHO "Daniel's people" are, where they are today, and what is prophesied for them in the last days. The book uses the Hebrew words that were used in the original writings, and the Strong's Concordance to determine their meaning. In doing so, this passage in Daniel is completely turned upside down in meaning, compared to the primary Christian explanation. The Ten Tribes of Israel were scattered among the nations. Where did they go? Where are they now? Are they today even aware of their ancestry? Are you descended from one of those tribes? If so, you are a blood descendant of the seed of Abraham.

If you are adopted into the nation of Israel due to your belief in the Hebrew Messiah Yeshua, then you, like the natural seed, are commanded to obey Yehovah. Do you? Are you sure? The End of Days may be sooner than we think, and we WILL be judged.

Among other things, Dumond shows that Shabuot (or Shavuot) the Hebrew word for weeks, is also the word used for Pentecost. He says that the seventy "weeks" we are to count are seventy Jubilee Cycles, or 70 x 49, NOT 70 x 7. If he is correct, this changes everything we thought we knew about Daniel's vision and much of Revelation, and this is what the book is about.

She also wrote the following about Remembering the Sabbatical year of 2016 and she gave both a 5-star rating.

I read Joseph's third book first, after a friend recommended it. I found "2300 Days of Hell" very hard to put down. So upon reading "Remembering the Sabbatical Years of 2016, 2023, 2030, 2037, 2044" there was some definite repetition. Some people may prefer this book. I am also reading "The Prophecies of Abraham" which also contains much of the same information, and many charts in color. All three books are excellent. I have put all of Joseph's dates in an Excel spreadsheet and the numbers all come out just as Joseph says, on the 120 Jubilee timeline.

The review from Professor Liebenberg from Hebraic Roots Teaching Institute in South Africa, on the back cover of this book, says it best. Some snippets;

"Joseph F. Dumond is a phenomenal researcher..."

"The crowning blow came on a day when I read one of many convincing and inspiring newsletters Joseph sends to thousands of recipients globally. Breathlessly I told my wife I conclude that there are indeed curses on nations and individuals for not keeping YHWH's Shmitahs...."

"To the casual reader, this book will be impressive purely of its sheer amount of topics, and practitioners of truth will be astonished by the book's depth of detail and complexity. This book will challenge and provoke the reader to search the Scriptures. Joseph F. Dumond committedly walked through the ancient path of Torah in search of the truth. Some will read this challenging

work with raised eyebrows, however the true Believer will gladly allow YHWH's Spirit (Ruach HaKodesh) to guide them to the truth."

"Joseph as a world-class researcher has not only affected my approach to Scripture, but has painstakingly ignited the global Messianic Movement to have a fresh look at YHWH's instructions on time. His work demanded attention and therefore it was nominated for a Nobel Prize." (The Prophecies of Abraham)

And she also reviewed The Prophecies of Abraham. If only many of you would do the same on Amazon and Barnes and Noble and Good Reads. Your favourably comments do help others to get the books who would not otherwise hear of this message we are bringing to them. So please do write and share your reviews where ever you can.

There is so much in this book that it will require further study. There are a lot of similarities between this one and 2300 Days of Hell, which I liked better. This one is just full of charts and I had great difficulty with them. There is a tremendous amount of information here.

If you did not get your own copy of our four books yet, then I cannot urge you strongly enough to do so ASAP.

We also have DVD's that you can buy to share with your family and assemblies about all of our teachings.

The money these products generates goes to pay for the web site, and maintenance of the web site and email list. These proceeds and your donations also go towards the maintenance of the vineyard we have in Israel which is keeping both the Jewish Sabbatical year last year in 2014-2015 and the one we are saying starting Aviv 2016. Two different sections are keeping two different sabbatical years under the same conditions.

Our book and DVD sales also support any speaking engagements we do as well as advertisements and other ventures we pursue in order to get the Sabbatical and Jubilee message out. The money generated by the sale of our books and DVD's goes right back into sharing these with other people in other lands and here at home. All of it can be found on our web site for free. You just have to find it yourself.
