Joseph Dumond's Numbering System	Joseph Naveh's Numbering System	Nehemia Gordon's Numbering System	Day of Death	Day of the Month	Month	Year of Shmetiah Cycle	Year since destruction Common Era C.E.	Year since destruction + 70	Tomb Stone Actual Inscription Translated to English	Explanation
30	1	1		1	8	1	364	434	Naveh's #1 May rest the soul of Saul the son of …, who died on the first day of the month Marheshwan of the first year of the Sabbatical cycle, the year three hundred sixty-four after the destruction of the Temple. Peace! 364 + 70 = 434 C.E.	Marheshwan is the 8th month. The Shemitah would go from Aviv to Aviv. But they stopped in Tishri claiming this to be the 1st year of the cycle. It is still part of the Shemitah year.
25	2	2			11	3	346	416	Naveh's # 2 This is the tombstone of Esther the daughter of Adayo, who died in the month of Shebat of the 3rd year of the Sabbatical cycle, the year three hundred 46 years after the destruction of the Temple. Peace. Peace. Upon her. 346 + 70 = 416	Perfect Match
43	3	3	Tuesday	11	6	7	435	505	Navweh's # 3 May rest the soul of Hailu the daughter of …, who died on Tuesday, the eleventh day of Elul, in the …year of the Sabbatical cycle that is the year four hundred thirty-five after the destruction of the Temple. Peace Peace Upon Israel, Peace! 435 + 70 = 505	This is the year 505 CE. It is the 1st year of the Sabbatical cycle. The year of the Sabbatical cycle is missing. Joseph Naveh along with Wacholder suspect that the missing information based on the shin that precedes it just like the first century coins is "the first year of the Sabbatical Cycle". Although not definitely prove it does again lean in agreement with our chronology once again. I urge you to read the notes on page 114 for this tombstone.
34	4	4	Sabbath	25	10	1	386	456	Naveh's # 4 This is the Tombstone of….Son of Megalos (?) who died on the Sabbath, the twenty-fifth day on the month Tevet, in the 1st year of the sabbatical cycle, 386 years after the destruction of the Temple." 386 + 70 = 456	Perfect Match
28	5	5		26	1	Shemitah	357	427	[this tombstone of X] [son/daughter of Y who died] [on day Z (of the Sabbatical)] 26 days in the month of Nissan (1st month) in the year of the Shemitah, year 3 hundred 57 years to the destruction of the temple Shalom Shalom 357 + 70 + 427 CE	Perfect Match
No Destruction Date given	6	6					282	352	Of Domitiana Son of of Hartah Who died (lit."gathered") On the year two hundred 80 Two To the destruction Of the temple	Because there is no reference to the Sabbatical cycle we are not able to use it. But 352 is the 2nd year of the Sabbatical cycle
24	7	7	Monday	3	2	1	323	393	Naveh's # 7 This is the tombstone of Jacob Son of Samul, who died on The second day (Monday), forty years old, on the third day of the month of Iyar (2nd month), on the first year of the Shemitah year three hundred and twenty three to the destruction of the temple 323 + 70 = 393 CE	Perfect Match
I orignally had this as an Error and now see that it does fit but have not yet included it in our Chronology.	8	8		15	11	3	382 or 312	452 or 392	*This is the lying place of Miriam daughter of…, who died on the 15th day on the month of Shevat (11th month) of the third year of the Shemitah year three hundred [80/10 and t]wo to the destruction of the temple. Shalom*	392 is a Shemitah year so it is not that date (312 + 70 = 392). 452 is the 4th year but the stone says it is the 3rd year. (382 + 70 = 452) The month is Shevat or the 11th month so this puts it in the previous year which is the 3rd year and I have a new date I can use.
Error	9	9		25	11	2	328	398	*This tombstone belongs to Saul son of Jacob who died on the 25th day of the month of Shevat (11th month) in the second year of the Shemitah year three hundred 28 to the destruction of the temple. Shalom Shalom Shalom*	We have this date as the 6th year of the Sabbatical cycle, not the 2nd year. Joseph Naveh also noted the error in his charts.
Error	10	10	Thursday	17	6	4	300	370	*Naveh's #10 This tombstone belongs to Mahirshah daughter of Mersah the Haver who died on the fifth day (Thursday), 17th day of the month of Elul (6th month) in the fourth year of the Shemitah year 3 hundred to the destruction of the temple. May he enter in peace and rest in his resting place Shalom Shalom Shalom Shalom*	The Year 370 (300 + 70 = 370)is the 6th year of the Sabbatical Cycle and this Tombstone claims it is the 4th year therefore we are not able to claim
36	11	11	Friday	3	9	6	398	468	Naveh's # 11 *May the spirit (of Est) of Ester daughter of Babah, who died of the sixth day (Friday) on the third day of the month of Kislev (9th month) in the sixth year of the Shemitah, which was a leap year, year three hundred and ninety-eight to the destruction of the temple* 398 + 70 = 468	Perfect Match
26	12	12		8	12	3	346	416	Naveh's # 12 This is the memorial of Yudan the Hazzan Son of Amram, who dies on the eighth day of the month of first Adar of year 3 to the Shemitah, year three hundred and 46 to the destruction of the temple. Shalom Shalom Shalom 346 + 70 = 416 CE	Perfect Match
Error	13	13		20	12		305	375	Naveh's # 13 This is the memorial of Oma(r) wife of Yeshu'a who died on the twentieth day of Adar, year 300 and five years	This Stone does not contain a dating in accordance to the Shemitah. And because of that, we cannot use it. But we include it here so you will have all of the stones by the Naveh numbers.
37	14	14	Thursday	20	6	5	398	468	Naveh's # 14 *This memorial of the deceased Mati (son of) Sabah, who died on the fifth day, twentieth of the month of Elul on the fifth year of the Shemitah year three hundred and ninety eight to the destruction of the temple May he rest in peace* 398 + 70 = 468 CE	Because they use Tishri to begin the year they are saying this is the 5th year. But the year began at Aviv and this was in fact the 6th year. Which then matches our Chronology.
Error	15	15	Thursday	6	1	7	400	470	Naveh's # 15 *May the spirit rest who died on the 5th (day), the sixth of Nissan, on the seventh year year four hundred to the destruction of the temple …peace on…* 400 + 70 = 470 CE	This is 6 days after the Sabbatical year had ended in 470. The Shemitah was from Aviv 469 to Aviv 470. Or this date is 6 months after the Shemitah if they ended the Shemitah at Tishri. Is it a clearical error. We do not know. But 470 was the end of the Shemitah not the start.
40	16	16	Monday	10	8	1	406	476	Naveh's # 16 *This is the memorial of Ya'akov (Jacob) son of 'awid who died on the 2nd (day), on the 10th days of… Marcheshvan (8th month), on the first year of the Shemitah which is the year four hundred and six to the destruction of the temple. May he rest in peace. Shalom Shalom Shalom* 406 + 70 = 476	They would have started the Shemitah at Tishri in 475 and ended it at Tishri 476. So Marcheshvan is after Tishri. But The Shemitah would have started at Aviv and thus Marcheshvan is part of the Shemitah year of 476.
41	17			10	1	6	433	503	Naveh's # 17 *May the spirit of 'amran son of Yodan rest who died on the month of Nissan (1st month), on the tenth day of the month on the sixth year of the Sehmitah, which is year four hundred thirty-three to the destruction of the temple Peace on Israel* 433 + 70 + 503	Perfect Match
22	18			27	9	3	290	360	Naveh # 18 "This is the grave of Mousis (Moshe) son of Marsa who died in year three of the Sabbatical cycle, in the month of Kislev, on the twenty-seventh day of it, which is the year 290 after the destruction of the Temple." 290 + 70 = 360	Perfect Match
Missing Information	19						286		Missing Information	Missing Information
27	20			2	10	3	346	416	Naveh's # 20 May rest the soul of Jacob, the son of Shem'o who died on the second day, the 10th day of the month Shebat, in the 3rd year of the Sabbatical cycle, the years 300 hundred and 46 years after the destruction of the Temple. May	Perfect Match
32	21			5	12	1	379	449	Naveh's # 21 *May the soul of Martah daughter of Pitlah, aged 70, who died on the fifth day {of Adar} on the first Adar of the first year to the Shemitah, which was a leap year, year three hundred and seventy nine year of the temple [may it be built]* 379 + 70 = 449 C.E.	This would imply there was a leap year that year as they state the First Adar. They also completed the Shemitah at Tishri and so this Adar would in fact be the end of the Shemitah which began in Aviv 448 and ended with Aviv 449.
33	22		Wednesday	3	12	7	385	455	May rest the soul of Rabbi Simon Binabi, who died the fourth day (Wednesday) the third day of the month Adar in the seventh year three hundred and eighty and five years after the destruction of the Temple. May he rest a sage in peace. May he wake up to the voice of the announcer of peace. 385 + 70 = 455	This inforamtion shows they are counting the 12 month in the year 456 as the Shemitah year. They began from Tishri. It is actually the end of the 6th year with the Shemita about to begin. So this too is a match
35	23			3	9	5	390	460	Naveh's # 23 May rest the soul of Yehuda the priest. The son of Ab…ma who died the third day of the month of Kislev. In the fifth year of the Sabbatical cycle which is the year 300 hundred and 90 years after the destruction of the Temple. May he hold the altar and wake up to the voice of the announcer of peace. Peace Peace Peace 390 + 70 = 460	Perfect Match
38	24		Friday	26	4	1	400	470	Naveh's # 24 *May the soul of Yoseh son of Ofi who died in the city of Tefar in the land of Heymar and left to the land of Israel and buried on the sixth day the twenty sixth of the month of Tamuz on the first year of the Shemitah, which is identical to the year [400] to the destruction of the temple Shalom Peace on you in your resting place* 400 + 70 = 470	Perfect Match
42	25			20	1	1	435	505	Naveh's # 25 *May this soul rest Of Shema'ayah son of Yitzhaq who dies on the twentieth day of the month of Nisan, on the first year of the Shemitah, which is year four hundred and thirty five years to the destruction of the temple, may it be built. May he rest in peace on his resting place Shalom Shalom* 435 + 70 = 505	Perfect Match
29	No Number		Thursday	17	6	4	362	432	This is the grave of Iyrsh daughter of Marsa, the fellow who died on Thursday, the 17th day of the month Elul, in the fourth year of the Sabbatical cycle, the year 3 hundred sixty 2 after the destruction of the Temple. May there come peace and may it rest on her resting place. Peace Peace 362 + 70 = 432	This tombstone is a challenge. The year 432 is not the 4th year as the inscription says but the 5th year. The land rest year would have been a double one in 427 and 428. Did they count this the 4th year from that Jubilee year of rest? If that is how they did it then this stone does again confirm our results. But I have only this one tombstone in the 1st Sabbatical cycle. To know if, in fact, this is how they recorded time I would need a few more tombstones dating in various years during the 1st Sabbatical cycle. I just do not have that info now.
31	No Number		Passover Sabbath	15	1	5	369	439	"This is the tombstone of Hannah, daughter of Ha[niel] the priest, who died on the Sabbath, the first festival of Passover, on the fifteenth day of the month of Nisan, in the fifth year of the sabbatical cycle, which is the year three hundred and sixty-nine years after the destruction of the Temple. Peace. May her soul rest. Peace" 369 + 70 = 439 C.E.	Perfect Match This Stone is very special as it conveys a lot of information. The Feast day was on the Sabbath and it was the 15th and Passover. It proves that Passover is not on the 14th day. And the only way to get the Sabbath and Passover in this year is to have a leap year using the barley. It is the only way to match the dates.
39	No Number		Thursday	19	3	3	402	472	This is the tombstone of Hannah, daughter of Levi, who died on Thursday on the 19th day of the month of Sivan, in the third year of the Sabbatical year, four hundred and two years since the destruction of the Temple. Peace upon Israel Peace. 402 + 70 = 472	Perfect Match
44	No Number		Thursday	5	1	4	445	515	"May the soul of Hasadiah the Priest son of Dematin rest, who died on Thursday, the fifth of Av, in the fourth year of the Sabbatical cycle, which is the year four hundred and forty-five after the destruction of the Temple. Peace on Israel. Peace." 445 + 70 = 515	Perfect Match
Error	No Number	Baalbek Inscription				6	765	838	The Baalbek inscription in Lebanon Upon your name, the blessed memory of righteousness this is the burial sight of Rabbi Moses son of Elijah, who died (lit. gathered) from this world on the sixth year of the Shemitah which is the seven hundred and sixty eighth year to the destruction of The House, He (The Holy One-May He be blessed) will build it and will awaken the sleepers of his people, Amen	768 + 70 = 838 CE This is not the 6th year but it is the 5th year of the Sabbatical cycle. We are not given the month for this tombstone, which if he were to have died after the 6th month would explain why they gave him one more year from the Shmitah because they started and ended their years starting with Tishri. But we do not have the month so we cannot explain this discrepancy.
